THERE are those who do not wish to spare the money, or do not feel able to pur- 
chase flowers, although they dearly love and enjoy them. And there are those 
who take pleasure in interesting their friends and neighbors in the cultivation 
of plants, for, indeed, all communities are better off for a liberal display of 
flowers. We wish to take the attention of all such persons to the fact that 
while they are working for us they are at the same time providing themselves 
with plants at no outlay of money to themselves, but are practically getting them free 
and for such presents as will make a friend keep his promises, or lovingly keep a person's order separate, giving his or her full name, with the amount of the order. Then make your selection of the 
amount due you, naming the plants desired as your discount, signing your name as the get-ter-upper of the club.

REMEMBER, that the getter-upper of the club is entitled to all discounts. We cannot 
allow each member of the club to select discounts, etc., and then allow the getter-upper of the club to select another discount. We will, however, add one plant of our selec- 
tions for each dollar's worth that any one of the members of your club may send.

NOTE OUR VERY LIBERAL DISCOUNTS on $2.50, $5.00, $6.00, $8.00 and $10.00 orders. 
You do not know how easily you can secure an order from among your friends, 
and thus secure the benefits of these most liberal offers until you try. Individual orders 
are allowed the same discounts as club orders.

REMEMBER, These discounts do not apply to collections of plants or bulbs, but to plants and bulbs at price 
per single plant and bulb, and must be included in your order when you send it. We cannot send your order 
at one time and the discount at another. Be sure and include the discounts in your order when you send it.

READ REMARKS ABOUT ORDERING CAREFULLY.
It will Greatly Assist us in Getting Your Orders Shipped Promptly.

OUR PRICES ARE STRICTLY CASH—The proper remittance 
must in all cases accompany the order, and should 
be enclosed with it.

MONEY AT OUR RISK.—All money sent us by Postoffice 
Money Order, Bank Draft, Express Money Order, or Reg- 
istered Letter is at our risk and we will be responsible for 
its safe arrival and you may select full value for it in 
plants, seeds or bulbs.

POSTOFFICE MONEY ORDERS can now be had at 
almost all post offices and are absolutely safe. If the letter 
inclosing it is lost, send us the number, date, amount, the 
office at which it was sent, and the amount of what you ordered, 
and we will fill the order at once, and apply for a duplic- 
cate of the lost Money Order, which the Government 
will furnish in such cases.

BANK DRAFTS drawn on any city bank and made pay- 
able to our order are good and can be had at all banks. If lost the bank will issue a duplicate.

EXPRESS MONEY ORDERS are one of the cheapest and 
best ways of sending money. Perfectly safe, because if 
lost a duplicate can be had by applying to the Express 
Company.

REGISTERED LETTERS—When you can not get Money 
Orders, inclose money—either notes or coin—carefully 
wrapped and have it registered by the Postmaster; the 
responsibility then is ours.

FREE BY MAIL—At the prices named in this book we 
send everything offered by mail, postpaid; when we ship 
by express it is at the purchaser's request and expense.

WE GUARANTEE all orders to arrive safely to any point 
in the United States or Canada, which will be sent by mail or 
express. If anything is injured or spoiled in any way be- 
fore delivery it will cheerfully be replaced without cost.

NOTICE TO CLUB RAISERS. We furnish extra order sheets, envelopes and catalogues to all who need 
them in adding to the getting up of their clubs. Oftimes you may have friends residing at a distance from you 
who would be glad to join to your club did they but know you were engaged in such work. We will mail all such persons 
our catalogues if you will send us their address. EXAMPLE: If you reside in Texas and have a friend in any other 
part of the State, or of the United States, or Canada, they can join your club and the plants will be sent direct to 
them. We will be glad to write you explaining any of these offers should they not be plain to you.

\[\text{We cannot fill plant orders for less than 50 cents by mail unless ten cents is added to pay postage, but for seeds we will accept any amount, however small, without additional postage.}\]
CULTURAL NOTES FOR THE ROSE.

SOIL—Take good, rich soil, mellow and fertile, made from old decomposed sods is best, clearing out all insect germs and worms.

FERTILIZERS—Fine, well decomposed stable manure is the best for all purposes. If this cannot be obtained, ground bone or other commercial fertilizers may be used taking care to use sparingly as most of them are very strong. We find Bowker's Ammoniated Food for Flowers the best.

WATERING—If the ground is dry when planted water thoroughly so as to soak the earth down to the roots of the plants. After this very little water is required unless the weather is dry. Plants will not thrive if kept too wet.

PLANTING Mellow the ground thoroughly and mix a little well rotted manure in. Make holes in the soil about 12 inches apart, set plants a little deeper than formerly, arrange roots in their natural positions, cover with fine earth, pressing it down firmly upon them and in around the stems, then water freely.

CULTIVATION The soil around the plants should be kept loose and free from weeds and grass to insure their vigorous growth. During protracted droughts, and if the soil becomes dry, water freely in early morning or evening.

PRUNING—No rule can be regularly applied, plants differ so with respect to constitution and habits of growth. Many are neat and compact requiring little or no attention; others are vigorous and straggling. Pruning should be regulated to the habits of the different varieties. Usually about one-third or one-half of last season's growth is cut off, the cuttings to give a well balanced, shapely appearance. Cutting out all dead and diseased wood. This should be done in early spring before the buds start. Remove the flowers before the petals begin to droop.

INSECTS—For green fly use tobacco smoke or water, or dust it on in a powdered form, for slugs and worms, use slug shot.

HOUSE CULTURE—Roses should be grown in three or four inch pots, placed in a warm light situation near a window, where plants can get as much sun as possible. Temperature ranging from 50 degrees at night to 70 degrees during the day should be maintained as nearly as possible; this is not difficult.

WINTER PROTECTION—Do not cover the plants until Winter has fairly set in. This may be done with leaves, straw or light manures, placing a few boughs or pieces of boards upon the litter to keep it from being blown away. When standing alone Roses may be protected by driving a stake in the ground and tying long straw neatly and securely around the bush to the stake, or by driving a short stake in the ground and tying the bush together and bending down within three or four inches of the ground, tying bush securely to the stake, then cover with coarse litter. Remove as soon as the buds start in the Spring.

GENERAL REMARKS—Our Roses are all grown on their own roots and are plants of strong hardy constitutions and are not forced by any natural or artificial means. This is the most essential point in successful Rose culture. Our prices are the LOWEST and our stock of the HIGHEST QUALITY.

Ever-Blooming Tea Roses

EMBRACING ALL THE CHOICE NEW AND STANDARD VARIETIES.

For General Planting—All Tested Sorts.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

Two-Year-Old Plants, 25 Cents, Except where noted.

ARCHDUCHESS IMMACULATA—The color is an intermingling of bronze orange, yellow, pink and crimson.

DUCHESS MARIE SALVIATI (Changeable Tea Rose)—Flowers large, double and delicously fragrant. Coloring ever-changing, being an orange cream lightened with rose and shaded with yellow and tawny buff. Beautiful in bud or in fully expanded flower; equally valuable for Summer or Winter blooming.

DEVONIENSIS—Magnolia fragrance; creamy white, with rose center.

DUCHESS OF EDINBURG—Large buds of the most intense dark crimson.

BRIDESMAID—A sport from the well known Catherine Mermet, but so much better both in growth and color; and at all times produces buds and flowers of a much deeper shade of pink than its parent. The stems are thin, stiff and the bud is so exquisite in form, and solid and firm that no other Rose can compare with it in keeping qualities after being cut. (See cut.)

BEAUTE INCONSTANT—A wonderful new changeable colored Rose, deriving its name from its quality of producing flowers of different shades on the same plant. The colors vary from crimson to light pink through all shades of tawny red, orange, chrome, and deep rose, all these colors being frequently seen on one bush at the same time. The beauty of color effects is indescribable. 15 cents; two-year-old plants 30 cents. (See cut.)

CATHERINE MERMET—One of the most fashionable Roses for cut flowers; color, clear rose pink; large pointed buds.

CHARLES LERAGDY—Color, chamois red, richly shaded with violet crimson.

COUNTESS ANNA THUN—Immensely large, perfect form, beautiful citrus yellow, shaded with peach, orange, salmon and silvery pink.

CHRISTINE DE NOUE—This beautiful new crimson Tea Rose promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one is exceptionally fine. It is a splendid grower, making a large-sized graceful plant, with bright deep-green foliage; the flowers borne upon strong stems, and an unusually large and handsome. The buds are long and finely pointed. Color, rich crimson, shading to deep pink in center; large, broad petals. Valuable for cut flowers and general planting. 15 cents; large two-year-old plants, 30 cents.

CORNELIA COOK—Beautiful snowy white buds of immense size.

COUNTESS EVA STARHEMBURG—Long, pointed buds of great beauty; color, creamy yellow, shaded and touched with rose.

COMTESSE DE FRIGNEUSE (The Golden Pearl)—The buds are long and pointed; not unlike Niphetos in form. The color is a deep golden yellow; large and full.

DUCHESS OF EDINBURG—Large buds of the most intense dark crimson.
DR. GRILL—Coppery yellow, with fawny rose reflex; a fine garden Rose.

DR. REYMONT—Splendid crimson-colored flowers in the way of General Jacqueminot.

DUCHESS de BRABANT—Color, soft, light rose, with heavy shadings of amber and salmon.

EDMUND SABLAYROLLES—Beautiful Hortensia-colored Rose, shaded with peach and rosy carmine.

ELIZA FUGIER—Rich creamy white, tinged with pure golden yellow; large and full form. Fine, long buds like Niphetos.

EMPERESS AUGUSTA VICTORIA—A royal Rose and should be found in every garden. It has magnificent buds, very double, perfectly formed, full flowers, and can be cut with long stems. The buds are beautifully formed, with large petals, of a thick and heavy texture. Color, pure white, shaded in the center of the fully expanded flower with pale lemon yellow. The habit of growth is strong and vigorous, every new branch bearing a lovely flower. 15 cents.

ELLA MAY—The color is a rich amber or "old gold," shaded with a dark, ruddy crimson; a sport from Sunset, which it resembles.

ETOILE de LYON—Color a beautiful chrome yellow, deepening at the center to pure golden yellow. The flowers are very large, double, and deliciously fragrant. It produces magnificent buds, equal to Marechal Neil in color and size. Remarkably hardy both as to heat and cold, frequently standing the Winter uninjured in the open ground. (See cut.)

EARNEST METZ—Finely formed and beautifully tinted in buds and open flower. Color, soft salmon carmine pink, bordered with bright rose and flushed with crimson in the center. Buds long and handsome; flowers are large and sweet. Vigorous and free blooming. A favorite rose everywhere.

GOLDEN GATE—A Rose of rare beauty, a promising Rose of American origin, and one that seems to be admirably adapted to the needs of our climate. The flowers are large, very full and finely formed, and of excellent substance; the buds are long and of a most desirable form: the color is rich creamy white, beautifully tinged with fine golden yellow; the petals are large and broad, and exquisitely bordered and tinted with clear rose. Price, 15 cents; large two-year-old plants, 30 cents each. (See cut.)
MADAME de WATTEVILLE—Color, beautiful shell pink, deepening to bright rose at the edge of the petals, the body of the flower being creamy white, known as the “Tulip Rose,” 15 cents; two-year-old plants, 30 cents. (See cut.)

MADAME ELLI LAMBERT—An exquisite Rose; rich creamy white, faintly tinted with pale golden yellow, and bordered and shaded with soft, rosy flesh. 15 cents; two-year-old plants, 30 cents.

MD. LOMBARD—A first-class Rose for bedding. Extra large, full flowers, very double and sweet; color, a beautiful shade of rosy-bronze, passing to salmon and fawn, beautifully shaded with rich bright carmine. (See cut.)

MADAME SADI CARNOT—Large, fine full flowers; clear, bright cherry red, passing to magenta tint.

MADAME WELCHE—Color, soft rose, pale yellow, sometimes cream; a charming Rose.

MRS. JAMES WILSON—(The Yellow Mermet)—Pale yellow, tipped with rose pink.

MARIE VAN HOUTTE—A most elegant Rose; white shaded lemon yellow.

MALMAISON—This is certainly one of the choicest Roses in our collection; the color is a beautiful, rich creamy flesh, shaded clear peachy red, with a rose center.

MALMAISON RED—An exact counterpart of Malmaison, except in color, being a rich velvety crimson. 15 cents, two-year-old plants, 30 cents.

GOLDEN GATE.

MADAME CAROLINE KUSTER—Bright lemon yellow, very large and handsomely shaped; one of the finest Roses; very free flowering. When its wood has once been hardened it bears buds as large and handsome as Marechal Neil.

MADAME DE WATTEVILLE.

MALMAISON STRIPED—Color, creamy white, with rose center, reverse of petals striped carmine.

MALMAISON WHITE (Crown Princess Victoria)—The color is pure, waxly snow white; the center of the flower has a delicate lemon tint.

MRS. PAUL—A fine garden Rose; the color is a blush white, usually overlaid with rosy peach shading; an exquisite variety.

MARION DINGEE—Deep, brilliant dark crimson, perhaps the darkest and richest Tea Rose.

MADEMOISELLE CECIL BERTHOD—Beautiful golden yellow buds; superb Rose.

MADAME HOSTE—Long pointed buds and of a lovely creamy white shade; a beautiful and charming Rose.

MADAME MARthe du BOURG—The color is a creamy white, touched with carmine or pale heliotrope at the edges.

MADEMOISELLE FRANCISKA KRUGER—The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. It is closely allied to Catherine Mermet, and resembles it in everything save color. In its shading of deep copper yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps. Price, 10 cents each; large two-year-old plants, 30 cents each. (See cut.)

MADAME SCIPION COCHET—Color, a soft, primrose yellow; with rose shadings; unique in size and shade of buds.
KAISERIN AUGUSTA VICTORIA.

MEDIA—Large and full, deep golden yellow, a lovely and exquisite shade.

MARIE GUILLOTT—One of the very best white Tea Roses; very double; an exquisite variety.

MARQUIS de VIVIENS—Long, beautiful buds; bright carmine, shading into light rose and yellow.

NIPHTOS—A most elegant white Tea Rose; buds are three inches long.

PERLE des JARDINS—Clear golden yellow, very rich and beautiful; constantly grows into favor.

PAPA CONTIER—Immense buds; color, rich cherry red, passing to clear glowing crimson. One of the best.

PEARL RIVERS—The ground color is ivory white, with petals delicately shaded and bordered with pale rose.

PERLE de LYON—Beautiful orange yellow, with peach shading; sometimes coppery gold stained with crimson.

PRINCESS SAGAN—A Rose of great beauty; the color is rich velvety crimson; handsome and showy buds. 15 cents; two-year-old plants, 30 cents.

PRINCESS BEATRICE—Large buds of exquisite color, outer petals varying from canary yellow, edged lightly with bright rose color and apricot center.

PRINCESS of WALES—Color, beautiful amber yellow, deepening towards the center to orange or coppery yellow, tinged and shaded with crimson.

RAINBOW—The color is a lovely pink, blotched and striped with the darkest crimson.

RHEINGOLD—Long pointed buds; the color is a Naples yellow, shaded with orange; a beautiful flower.

RUBY GOLD—Tawny yellow, shading to "old gold," crimson center with veins of rosy red and pink. 15 cents, two-year-old plants 30 cents. (See cut.)

REINE NATHALIE de SERVIA—The color is a soft shade of shell pink, brightest at the center; very striking.

SNOWFLAKE—A lovely white Tea Rose.

SAPPHO—The color is a rich apricot yellow, tinged with fawn and pale rose.

SOUVENIR de VICTOR HUGO—One of the most beautiful Pulp Roses. Color, lovely citron red, with amber and fawn shadings. Price, 15 cents; two-year-old plants, 35 cents. (See cut.)

SOUVENIR de THERESE LEVET—Clear, velvety crimson; large and full.

SOUV. de FRANCOIS GAILAIN—Dark, rich velvety crimson, very dark and velvety, exceedingly rich and handsome; very fragrant; large, full flowers. An unusual and highly remarkable color in a Tea Rose.

SUMMER QUEEN—The color is a bright silvery pink; full and double; twelve hundred buds have been cut from a single plant.

SUSANNA BLANCHET—The color is a beautiful pale flesh, passing to silvery white, shaded with fine rosy amber.

SUNSET—This exquisite orange yellow variety is one of the finest Tea Roses grown. The flowers are large and double. The exquisite shades of coloring in this variety can only be compared to gorgeous colors of a Summer sunset; hence the name. It is deliciously fragrant; a strong-growing and free-flowering variety. 15 cents; two-year-old plants, 30 cents.
SOUV. DE VICTOR HUGO (TULIP ROSE.)

flowers resemble a double cherry blossom, and are the size of a silver dime; produced in large clusters, and have a decided violet perfume.

WHITE BANKSIA—A pure untinted white. 15 cents.

YELLOW BANKSIA—Rich, golden yellow. 15 cents.

The two varieties for 25 cents, net.

POLYANTHA OR FAIRY ROSES.

The new Polyantha Roses are a beautiful class of ever-blooming Roses from Japan, and although a few varieties were introduced some years ago, they have not been generally planted. Untiling, as they do, hardiness with fragrance and constant bloom, we know of no more satisfactory plant for general use. The flowers are small but perfectly formed, and are produced in clusters of from 10 to 25 beautiful Roses.

PRICE, 8 cents each, except where noted; or we will send the set of six for 40 cents, net, postpaid. No Further Discount.

ETOILE d'OR—A new Polyantha resembling Perle d'Or, excepting in color, which is a deep chrome yellow. A dainty beauty that will win its way wherever planted.

GLOIRE des POLYANTHA—A beautiful dwarf variety, with small cup-like flowers. A real "Fairy Rose." The color is a bright rosy pink, with a red ray through each petal. This Rose is very distinct and beautiful, flowering in large clusters of from twenty to twenty-five flowers each. For growing in pots for Winter blooming or plant can surpass it in delicate coloring, freedom in bloom or delicious fragrance. 15 cents.

GEORGE PERNET—Flowers bright rosy pink, of medium size, with petals beautifully rayed and reflexed; soft and pleasing in color; fragrant.

MIGNONETTE—Very small flowers, about one inch in diameter; produced in large clusters; color, delicate rosy flesh, fading to pure white; dwarf, vigorous growth.

MADEMOISELLE CECEL BRUNER

Plant grows nearly two feet in height; the strongest of the class. Fine for flower beds or borders; beautiful clusters of double flowers of a rosy pink, creamy-white edges. Splendid for beds.

PERLE d'OR—Orange salmon; exquisite buds of perfect form; very small; a general favorite.

SAPPHO—The color is a rich apricot yellow tinged with fawn and pale rose.

THE BRIDE—"The Bride is a pure, white Rose of large size and most perfect form. This variety has the most delicious Tea fragrance and is a strong growing free blooming Rose either for Summer or Winter flowering.

THE GEM—A beautiful and superb Rose of a fine faultless straw color, shaded bright rose crimson.

THE QUEEN—Beautiful buds. The color is a pure snowy white.

VALLE de CHAMONIX—Exquisite coloring; color, coppery yellow; shaded and tinged with rosy blush.

WABAN—Rich, deep bright pink; a gem in every way.

WHITE PERLE des JARDINS—A pure ivory-white "Pearl of the Garden." A superb Rose. 15 cents; two-year-old plants, 30 cents.

THE LADY BANKS, or BANKSIA ROSES.

These are fine climbing or trailing Roses, very good for the South and Pacific Coast, where the Winters are not too severe. They require 2 or 3 years growth to bloom to perfection and are then very beautiful. Flowers are produced on the old growth, prune very little, merely cutting away what is absolutely necessary. The
**THE : FOUR : HERMOSAS**

Price, 10 Cents Each. Large two-year-olds, 25 Cents Each.

**THE BEST FOR HOUSE OR GARDEN CULTURE.**

**CONSTANTLY IN BLOOM.**

**RED HERMOSA**—Color a rich, dark, velvety, crimson, scarlet, literally loaded with flowers at all times; extra good for the house or garden.

**WHITE HERMOSA,** or Marie Lambert—Pure white. It has been called Hermosa, as it resembles hermosa in form and freedom of bloom, and is quite as valuable, for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots.

**PINK HERMOSA**—A clean, healthy grower; color, bright pink. It is grown largely in New York cemeteries for its hardiness and continuous blooming.

**YELLOW HERMOSA,** or Coquette de Lyon—This is a most charming yellow Tea Rose, a good grower, has elegant buds, and is so free in flower as to be called the Yellow Hermosa. A Rose that will please all.

**SPECIAL OFFER**—We will mail the 4 Hermosas, one of each, for 35 cents. The set in two-year-old plants for 75 cents. No Further Discount.

---

**CLOTILDE SOUPERT.**

The Best Bedding or Pot Culture Rose Known.

This lovely Rose comes from the Garden of Luxembourg, France, and is undoubtedly the finest Rose of its class. The flowers are borne in clusters, and are large, round, flat form, with beautifully imbricated petals; perfectly full and double, and deliciously sweet; color, beautiful pinkish amber or pale cream or yellow, delicately flushed with silver rose, sometimes ivory white, exquisitely tinted with pale salmon, and sometimes both red and white flowers are produced on the same plant. It is a particularly elegant and handsome Rose, always greatly admired. The bush is a vigorous, compact grower, and a continuous and profuse bloomer, being literally loaded with flowers. It is highly recommended for widow and house culture; in fact, we think it is one of the very best. 10 cents; large two-year-old plants, 25 cents each.

**SPECIAL OFFER**—For a beautiful rose bed that will give you a handsome bouquet every day. For $1.00 we will send you, postpaid, 10 fine plants of Clotilde Soupert and 10 plants of the beautiful Crimson Scarlet Rose, Queens Scarlet. No Further Discount.

C. A. REESER CO.:

Enclosed find $1.25 (one dollar and twenty-five cents) for which please fill order. Last lot of plants received doing beautifully. Have better success and get more for the money, from your house, than from any other.

Mrs. M. E. R.

Mexia, Texas.

February, 1896.

**IMPORTED HARDY YELLOW ROSE.**

**PERSIAN YELLOW**—Dark golden yellow. The best variety of its color; entirely hardy. It is difficult to imagine a finer sight than this when in full bloom, covered with bright yellow blooms, which are borne along the ripened wood so that they appear in sprays. It must not be pruned much, if any, unless to cut out dead or diseased branches. Fine large plants, 40 cents each.

---

**THE OLD ENGLISH SWEET BRIAR ROSE.**

**ELANTINE**—Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of the flowers, leaves and young branches in the early Spring frequently perfumes a whole neighborhood. Price, 25 cents each.
THE STANDARD EVER-BLOOMING ROSES.

TEA ROSES, CLIMBING VARIETIES.

In the South and the Pacific Coast, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

LARGEST, TWO-YEAR-OLD PLANTS COST 25 CENTS EACH, EXCEPT WHERE NOTED.

CAROLINE GOODRICH, or Running General Jacqueminoet
This Rose has finely-formed, very double flowers, and its fragrance is most delicious. This is a hardy Climbing Tea, and should not be classed with the Hardy Climbers. A beautiful bloomer. The color is the same as that of General Jacqueminoet. Price, 15 cents each; large two-year-old plants, 40 cents.

CELINE FORESTIER—Deep saffron yellow; flowers of good size.
CLAIRE CARNOT—Buff orange yellow, peach blossom center.
CLIMBING DEVONIENSIS—The same as Devoniensis, except that it is a rampant climber. A Magnolia fragrance.
GLOTH OF GOD, or Cromatella—A clear golden yellow; large, very full and double. Doubtless much prized in the South for pillars and verandas.
CLIMBING PERLE des JARDINS—Same in every respect as the well-known 'Perle des Jardins'. It is very showy and that it is of climbing habit; the buds and flowers are much larger than those of the pareent 20 cents each; large, two-year-old plants, 40 cents.

CLIMBING NIPHETOS—Beautiful, long pointed buds, pure white, with pale lemon colored center. 15 cents each; large, two-year-old plants, 35 cents.

ESTELLA PRADLE—Lovely pure white buds; flowers full and sweet. (See cut.)

ESTELLA PRADLE—An improvement on the Climbing Nipheto. The color is a blending of amber, carmine and cream, and of delicate fragrance. One of the most exquisite Roses and highly recommended. Price, 15 cents each; large, two-year-old plants, 30 cents.

ESTELLA PRADLE—Our Southern friends are unbounded in their admiration of this fine Rose, which is seen the most popular, most practiced and most talked of in the Southern Rose Section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and especially the shades of color, being a blending of amber, carmine and cream. One of the finest Roses on our list. Price, 15 cents each; large, two-year-old plants, 35 cents each.

GOLDEN CHAIN, or Climbing Safran—(Reve d’Or)—A beautiful pillar Rose, being a strong climber. Color, orange yellow or deep saffron; good size; full and sweet.
GOLD of OPHIR—(Ophire)—Nasturtium yellow, suffused with coppery red. One of the most beautiful of the Climbing Roses.

MARECHAL NIEL—Deep velvety crimson; very double.

LAMARQUE—Flowers medium size; borne in large clusters; pure white and double. A most beautiful Rose. A very hardy grower and free bloomer.

MADAME CLAIRE JAUBERT—New. Extra large, full flowers, and borne in large clusters; pale apricot yellow, beautifully clouded with rich Indian red.

MADAME ALFRED CARRIERE—Extra large, full flowers; very double and sweet. Color, a rich creamy white, faintly tinged with pale yellow; exceedingly beautiful.

MONSIEUR DESIR, New Climbing Tea Rose—A most magnificent velvety crimson Rose, often shaded with maroon. This is like Mirehchal Niel; strong, vigorous climbing Rose, possessing a character quite different from other Roses in this section.

REINE MARIE HENRIETTA, or Red Flowering Gloire de Dijon—A strong, vigorous grower; flowers, large, full and of fine form. Color, a pure cherry red; large, full and sweet-scented. Succeeds well in the South.

MADAME BERARD—An elegant, quick-growing sort with rich colors of amber, carmine and cream. Elegant.

MARECHAL NEIL—One of the most magnificent Roses ever grown, superb buds and flowers, extra large, very double and deliciously perfumed; color, deep golden yellow; highly esteemed for general planting and greenhouse culture, and in the South a splendid climber. Price, first size, 10 cents; large plants 25 cents; extra large plants, 60 cents; very large two-year-old plants, $1.25. (See cut.)

REINE OLGA de WURTEMBURG—This is a splendid Rose. Should be grown where the Marechal Niel succeeds. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color, rose crimson, suffused with yellow.

WILLIAM ALLEN RICHARDSON—Orange yellow, with outer petals lighter; center, coppery yellow. Very rich. Rapidly becoming popular.

WALTHAM QUEEN—A splendid new, ever-blooming climbing Rose. Hardy in the North. It is a strong grower and continuous bloomer. The flowers are large, full and sweet. The color is a rich scarlet crimson, very beautiful and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes, in the greatest profusion, of its rich, red flowers of magnificent size. Price, 20 cents; large size, 30 cents each.

NEW MEMORIAL ROSE.

(ROSA WICHURAIA NA.)

NEW MEMORIAL ROSE, ROSA WICHURAIA NA.
The Beautiful La France Set.

These four La France Roses are certainly nearest perfection of all flowers, and nothing can compare with them in the eyes of the true rose-lover. A distinctive characteristic of the set is the true La France fragrance by which every one may be known.

Set of Seven Hardy Ever-Blooming La France + + Roses. + +

RED, WHITE, STRIPED, PINK, CRIMSON, YELLOW and CLIMBING.

WHITE LA FRANCE—(Augustine Guinnois). Here we have a beauty indeed, one we can recommend to all, whether for outdoor culture or for pots in the house in Winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. It is identical with La France except the color. It is nearly white, sometimes tinted fawn. We predict for it more popularity than La France ever attained. 10 cts., large, two-year-old plants; 25 cents.

PINK LA FRANCE—Undoubtedly the most perfect type of a cut flower Rose; its large, well-opened flowers, with long stems and elegant foliage, shown in finest cut-flower stores of the largest cities, are considered by cut-flower buyers as the most beautiful of this class. No variety surpasses it in delicate colorings—silvery rose, shaded pink, large, keeps well and of distinct pervading fragrance, which, more than anything else, marks this Rose and the other six which we offer with it. Blooms profusely until frost. 10 cents each large, two-year-old plants. 25 cents.

STRIPED LA FRANCE—Imagine a lovely Rose with the shape and fragrance of a La France, of a rich creamy pink with a silvery class, growing deeper at base of petals, the whole beautifully etched and streaked with delicate carmine. This Rose is a sport of La France, but if anything stronger in growth, with the same elegantly shaped bud and the same beautiful full blown flower. We find it the most attractive and showy Tea Rose of recent introduction. A very free-bloomer, every shoot producing a bud. 10 cents; large two-year-old plants, 25 cents.

RED LA FRANCE—(Duchess of Albany).—Every one who loves a Rose is familiar with La France, the Queen of all Roses, for not only is it a constant bloomer, but is perfectly hardy and deliciously sweet. The new Rose, Duchess of Albany is a sport from La France, and retains all the characteristics of the type, with the blooms three to four shades darker of a deep rose-pink hue. The flowers are produced in wonderful profusion upon long stems, are very large, double and superb form. 10 cents each; large two-year-old plants, 25 cents.

CLIMBING LA FRANCE—Identical with La France in every respect except in style of growth, which in this new variety is of a strong climbing habit. Charming peach pink color and exhibits fragrance which have made the La France a favorite and which is almost totally lacking in the climbers. It is equally hardy as its parent and so may be safely planted in our Northern climate. 15 cents each; two-year-old plants, 35 cents.

LA FRANCE de 1889. New Crimson Hybrid Tea Rose—The most remarkable Hybrid Tea of late years. One notable peculiarity of this variety is its long elegant buds, while the expanded flowers are of immense size. Color, very nearly scarlet, sometimes lined and bordered with pure white. The brightest and most brilliant Rose we know. 15 cents each; two-year-old plants, 30 cents.

YELLOW LA FRANCE, (New).—Mad. Perre-Ducher—a charming Rose and a new shade in this section, being the first with a distinct yellow coloring. The outside petals are sulphur yellow and assume a deeper shade toward the center, with a polished glittering surface like a Water Lily. The inner flower is semi-double, very graceful and holds well together. The habit of the plants is free and graceful; the fragrance of the flowers is delightful. This is in every way a charming Rose and should be in every collection. 20 cents each; large two-year-old plants, 35 cents.

SPECIAL OFFER—For only $1.00 we will send the above set of seven Hardy Ever-Blooming La France Roses, or three sets for $2.00; or the set in large, two-year-old plants for $2.00. No Further Discount on these offers.

HAMMOND'S SLUG SHOT.

...Destroys Insects of All Kinds.

A CHEAP powder, destructive to insects that are injurious to house and garden plants, shrubs, trees, vines, potatoes, melons, cabbage, currants, etc. Used in all latitudes since 1880, with safety to man, beast and fowl. Put up in perforated screw top canisters, and is handy to use, merely dusting on the plant with the can. If you are troubled with insects on your Rose bushes, we recommend you try this. It does its work quickly and thoroughly. Price, 50c per Canister; sent by mail, postpaid, on receipt of price.
SET HARDY EVER-BLOOMING ROSES.

BALL OF SNOW (Boule de Niege)—In this variety we have a hardy ever-blooming Rose of great value. It is a Rose of great size, perfectly double, exquisitely fragrant, pure white in color, and entirely hardy. Invaluable for cemetery planting, or where white flowers are desired, as it blooms freely all Summer. 15 cents each; extra large plants, 36 cents. (See cut.)

CHAMPION OF THE WORLD—A very hardy ever-blooming Rose; advertised extensively. The introducer claims that it is the champion in hardiness, fragrance, vigor, form and color, and for Winter blooming. While we can not endorse all the good qualities claimed for it, we have found it a remarkably free-flowering hardy Rose, resembling very much Mrs. DeGraw. Color, a rich, deep, rosy pink, darker and richer than Hermosa. It is always in bloom and is quite hardy. 15 cents each; two-year-old plants, 35 cts.

DINSMORE—Very similar to Madame Charles Wood, but claimed by the originator to be much stronger in growth and more fragrant. It is a vigorous Rose of dwarf, branching habit, and is fairly loaded down with flowers all Summer long. The flowers are large, perfectly double, of a dazzling scarlet crimson color, with a rich, spicy fragrance. It is entirely hardy and blooms incessantly. 15 cents each; two-year-old plants, 35 cents each.

MRS. DEGRAW—One of the best Roses for general cultivation. It is entirely hardy and equals the tender sorts in profusion of bloom. From early Summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong grower that it is almost impregnable against the attacks of insects which usually destroy some of our finest Roses; thus it is certain to be unequaled for the garden. 15 cents each; two-year-old plants, 35 cents each.

MADAME MASSON—An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright Rose, highly perfumed. One of the best for planting. This Rose is a very superior variety, and should be more generally known. Try it. Price, 15 cents; two-year-old plants, 35 cents each.

MADAME ALFRED de ROUGEMONT—A strong, vigorous grower; begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinged and clouded with pale, rosy blush. Large, full and double, and borne in large clusters. Fragrant and fine. Price, 15 cents each; two-year-old plants, 50 cents.

SPECIAL OFFER—For 75 cents we will send, free by mail, the above set of six Hardy Ever-Blooming Roses, or for $1.25 we will send two sets of the above Roses. This set in large, two-year-old plants for only $1.25. No discount on this offer.
HYBRID TEA ROSES.

THE New Hybrid Tea Roses are recommended for their great beauty, exquisite fragrance and constant bloom. They generally succeed well in favorable localities in open ground and are particularly valuable for growing in pots and greenhouse culture. They are moderately hardy, but require covering in Winter north of Washington, D.C.

AMERICAN BEAUTY—Many of our friends know all about this grand Rose, and value it accordingly. To others we would say that it is well known as one of the best and most valuable Roses, both for garden and house culture. Color, rosy crimson, exceedingly sweet, makes magnificent buds, is a constant bloomer. Price, 25 cents; one size only.

ANTOINE VERDIER—Large, beautiful flowers; bright glowing pink, beautifully shaded rich crimson, very full and sweet; immense bloom; fine for bedding. Price, 10 cents each.

AUGUSTINE HALEM—Extra large and handsome; color, clear bright rosy red, verging to deep crimson; very beautiful; nice, erect habit of growth. Price, 10 cents each.

BEAUTY OF STAPLEFORD—Color, clear bright pink, shading to bright rosy crimson. 10 cents; two-year-old plants, 25 cents.

BELLE SIEBRECHT—(New.)—Described as imperial pink of good form. Large flowers, borne on good strong stems and retaining a good shape when fully developed. A good vigorous grower and free blooming, with handsome foliage and altogether a very desirable addition to this class. Also a very hardy variety, valuable for bedding. Has received awards wherever exhibited. Price, 20 cents each; large, two-year-old plants, 35 cents each.

LADY H. GROSVENOR—Flowers, flesh color, large, full and globular. An exceedingly free and effective variety; also a fine forcing Rose. 10 cents; two-year-old plants, 30 cents.

MADAME CAROLINE TESTOUT—The petals are large and of the elegant La France form; excellently edged and bordered with clear silvery rose; the color is a brilliant satiny rose, deepening to clear red. 15 cents each; two-year-old plants, 20 cents.

MD. JOSEPH SCHWALLER—Color, a bright rosy flesh, paler at the base of the petals, and deepening at the edges. 10 cents; two-year-old plants, 25 cents.

METEOR—The color is rich velvety crimson, very bright and striking; one of the brightest colored and most brilliant Roses in our collection; sure to please. 10 cents each; two-year-old plants, 25 cents.

MADAME VEUVE MENIER—A strong vigorous grower, producing buds in great profusion. Pale light rose; flowers of good size, double and very free flowering. 10 cents; two-year-old plants, 25 cents.

MAD. JULES FINGER (New.)—Of great beauty. The large and handsome flowers are full and globular, well poised and can be cut with long stems. Color, a beautiful cream-white, shaded with rose and salmon-colored center passing to pure white. Price, 25 cents; large two-year-old plants, 40 cents.

MRS. W. C. WHITNEY—A new American seedling Hybrid Tea. The buds are large, long, full and pointed; the flowers are full and delightfully sweet. Color, a clear, deep even pink. The plant is robust and free blooming. Price, 20 cents each; large two-year-old plants, 35 cents each.

PIERRE GUILLOT—Bright dazzling crimson; large and very double flowers. 10 cents; two-year-old plants, 25 cents.

SOUVENIR de WOOTTON—Bright magenta red passing at base to a fine violet crimson, richly shaded. 10 cents; two-year-old plants, 25 cents.

TRIUMPH de PERNET PETER—"Pernet's Triumph." A fine clear magenta red, sometimes passing to a bright crimson. 10 cents; two-year-old plants, 30 cents.

VISOUNTESS FOLKESTONE (Southern Queen)—Unsurpassed among light-colored varieties. It is very graceful and has strong, heavy foliage. The flower is delicately tinted flesh color, almost white and lustrous as satin. When in full bloom it is like a white peony, but without a suggestion of stiffness. Full flowers often measure six inches in diameter and are delightfully sweet. Vigorous and free-blooming. 10 cents; two-year-old plants, 30 cents.
Moss Roses stand alone in picturesque beauty different and distinct from all others. Their opening buds, half covered with delicate clinging moss of fairy-like texture, are the admiration of every beholder. Strong, vigorous growers, perfectly hardy, and justly esteemed as very desirable for outdoor culture in the open ground. Most varieties bloom but once in a season, but the flowers and buds are very handsome. They remain in bloom a long time, and are highly prized wherever beautiful roses are known. Moss Roses like rich ground and are much improved in beauty and fragrance by liberal manuring and good cultivation; but they bear hardships and neglect well, and always bloom profusely. Being difficult and slow of propagation, the price is higher than for other Roses.

Price of Moss Roses, 15 Cents Each, Except where noted.

We will send five of these Roses, our selection, for 50 cents. Large, strong two-year-old plants, 35 cents each, except where noted.

ALICE LEROY—Fine clear pink; extra fragrant flowers of the purest snowy white, and comes in large clusters, delightfully perfumed. Buds thickly covered with lovely deep green moss.

"PERPETUAL WHITE" MOSS ROSE—One of the mossy varieties; prettiest in bud; the flowers are of medium size and borne in clusters; fragrant but not very double. Color, a pure white. Price, 20 cents each; large, two-year-old plants, 40 cents each.

PERPETUAL MOSS ROSE, BLANCHE MOREAU—New and highly recommended. Flowers are produced in clusters and are large, full and sweet. The color is pure white, and both flowers and buds have an abundance of deep green moss. Price, 20 cents each; large, two-year-old plants, 40 cents each.

PERPETUAL MOSS ROSE, JAMES VEITCH—One of the finest Perpetual Moss Roses; it has extra large flowers, very fragrant and full. The color is a bright carnation red, very fine; it is a splendid Rose. Price, 20 cents each; large, two-year-old plants, 40 cents each.

ZENOBA (New)—Color, fine satin rose, very soft and pleasing; large, full and globular; exceedingly fragrant. Buds well mossed and growth vigorous. Price, 20 cents each; large, two-year-old plants, 40 cents each.

THE NEW HARDY CLIMBING ROSE.
THE FLORAL WONDER OF THE CENTURY.

**Crimson + Rambler.**

**The New Hardy Climbing Rose.**

**Price, 25 cts. each, Large Size 50 cts.**

The Hardy Climbing Roses are always valuable for training over arbors, verandas, and for screens for unsightly objects, such as old fences, walls, etc. They bloom the second season, but are then loaded with splendid roses, and for a few weeks in June are the most beautiful of all flowers.

**Price, 10 cts. each; Large, Two-Year-Old Plants, 25 cts.**

**Baltimore Belle**—Pale blush, shading to rose color, very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the best climbing Roses.

**Greville, or Seven Sisters**—Flowers in large clusters; varies in color from white to crimson. Luxuriant dark green foliage.

**Milledgeville, or Pride of the South**—A splendid variety. Color, a rich satiny pink, very fresh and beautiful. Fine, large globular flowers, full, regular form, very double and sweet. A profuse bloomer and quite hardy.

**Prairie Queen**—Clear, bright carmine pink, sometimes with a white stripe; large compact and globular; very double and full; blooms in clusters; is of the best.

**Tennessee Belle**—A strong vigorous grower and free bloomer; color, bright rosy blush; large, full, and fragrant.

**The Mary Washington Rose.**

This Rose, so widely advertised, is claimed by the introducer to have originated in the garden of George Washington at Mt. Vernon over one hundred years ago. It is an ever-blooming Climbing Rose of vigorous rapid growth, and makes a profusion of fine buds, which are borne in large clusters. The flowers resemble the Polyantha Roses, and are of medium size, perfectly double, very sweet, and borne in endless numbers all summer. (See cut.) Price, 15 cents each; large two-year-old plants, 35 cents each.

**The New Hardy Perpetual Blooming Climbing Rose, Empress of China.**

This remarkable new variety from China has been thoroughly tested, and its great excellence is guaranteed. Its valuable feature apart from its entire hardiness, is its perpetual blooming. It commences to flower early in summer and from that time until late in the fall it blooms continuously. It is entirely hardy, having withstood a temperature of sixteen degrees below zero unprotected without injury. In the habit of growth it is vigorous, and in this respect is unsurpassed; small plants will make a growth of 6 to 8 feet in a single season. The foliage and habit is not unlike that of chinal Nell. The flowers are of a medium size, very graceful in form and highly fragrant. The bud is pointed and very shapely and is borne on long, stiff stems. The color of the bud is a soft dark red and as the flower expands changes to an apple blossom pink. Think of Roses from May to December. It is surely the Rose for amateurs as it needs but slight attention and no protection. Price, 20 cts. each; large two-year-old plants, 50 cents each.
Hybrid Perpetual Roses.

For permanent planting the Hybrid Perpetual Roses are the most valuable of all hardy plants. The flowers are very large, of delightful fragrance, and the colors are much richer than the ever-blooming Rose. They are not, as a rule, constant bloomers, but live from year to year and flower profusely in June, with occasional flowers during the Summer and Autumn months. While they will thrive with very little care or attention, they will richly repay careful attention in pruning, cultivation, and in mulching in the fall with stable manure. The following list eminates the best varieties in cultivation:

Price, 10c. Each, Except Where Noted.
Large, Two-year-old Plants, 25c.

ALFRED COLOMB—A bright carmine crimson. Very large, full, and of fine, globular form.
ANNA de DIESBACH—Long, pointed buds; brilliant crimson, sometimes shaded with bright maroon.
BARONESS ROTHSHILD—One of the grandest and most beautiful of all Hybrid Perpetual Roses. Immense flowers, of a lovely shade of bright, rosy pink. Very handsome. 25 cents; one size plant only.
COQUETTE des ALPS—A lovely pure white Rose. Very full and free in flower. Delicious fragrance.
COQUETTE des BLANCHES—One of the finest white Hybrid Peptuals. Flowers large; pure snow white; very double, full and fragrant. A constant bloomer.
CAPTAIN CHRISTY—The color is a lovely shade of pale peach, deepening at center to rosy crimson. 15 cents; two-year-old plants, 30 cents.
COUNTESS ROSEBERY—The color is a satin pink in the center, deepening to bright rose on the outer petals.
DOCTOR HOGG—Deep violet crimson, richly shaded with maroon; shell-shaped petals; full, compact form. Very double and desirable.
EMpress OF INdia—Dark, rich, velvety crimson, perhaps the darkest variety.
ELISA BOELLE—An elegant Rose. Very full and double and delightfully perfumed. Color, a pure ivory white, sometimes clouded with blush, and tinged with amber.

The Continuous Blooming Perfectly Hardy Rose.

Caroline Marniessie.

A most valuable Rose for general cultivation, and especially for planting. Although originated some years ago, it has never become well known enough to receive the general cultivation that it so richly deserves.

As a perpetual bloomer we have never found its equal. Even during a recent dry season, when most of the other so-called perpetual bloomers were so affected by the drought as to show scarcely any blossoms, the roses of Caroline Marniessie were a continuous mass of bloom.

There was not a week from late May till the middle of October that large quantities of blossoms could not have been picked from these plants. And under even ordinarily good conditions of cultivation, purchasers of this rose may depend upon having equally good results.

The growth is low and somewhat spreading, making it especially valuable for the borders of beds. It is also very effective for massing in any position.

Plants of the right age for transplanting will not have the height of some of the more rampant growing sorts, but the amount of flowers produced will be vastly greater.

The flowers are pure white, sometimes slightly tinged with pink, produced in great abundance, the plants often being literally covered with them; of medium size, very double and very sweetly scented.

Taking into consideration then, these sterling qualities of hardness and continuous blooming, which are combined to so high a degree in no other variety, we confidently recommend it to all lovers of that queen of flowers, the Rose.

To the average amateur especially who while he appreciates and delights in the beautiful flowers, has little time or study to give to their culture, this Rose will prove a most valuable acquisition.

Price, 20 cents each; large, two-year-old plants, 40 cents each.

GENERAL JACQUEMINOT.

FISHER HOLMES—Dark, rich scarlet, elegantly shaded with deep, velvety crimson; beautiful, extra large, full flowers; fragrant.
FRANCOIS LEVET—A very beautiful Rose. Soft china pink, delicately shaded carmine and blush; large, finely formed flowers, delightfully fragrant.

GENERAL WASHINGTON — This magnificent Rose is one of the best for general planting. Color, a beautiful shining crimson; very rich and beautiful; flowers are large and perfectly double. A free and regular bloomer. 15 cents; large, two-year-old plants, 30 cents. (See cut.)

GIANT OF BATTLES—This is still esteemed the very best, rich red Rose. Very large, double, full and sweet.

GENERAL JACQUEMINOT — A rich, velvety crimson, changing to scarlet crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all the Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and is perfectly hardy. (See cut.)

GLORIE de MARGOTTIN—Clear, dazzling red; one of the most brilliant in the collection.

GLORIE de LYONNAISE—The flowers are a pale shade of champagne yellow or saffron yellow and shaded white, orange and fawn. 15 cents; two-year-old plants, 30 cents.

GENERAL BARON BERGE (New) Strong, vigorous growth; producing large, finely formed flowers of exquisite shape. Brilliant currant red, shaded silver maroon. Very fragrant and free flowering. Awarded first prize at Lyons. 20c; large, two-year-old plants, 30 cents.

GUSTAVE PIGANEAU—The color is a beautiful shade of bright red and brilliant carmine.

KING OF SWEDEN — (The Black Rose) This wonderful new Hybrid Perpetual Rose was raised in France. It is an extra strong, vigorous grower; flowers large and double, and of the darkest velvety, crimson-black color yet seen in any Rose. It is very sweet-scented and of perfect shape, and the richest-colored sort yet introduced. It blooms when very small. 15 cents; extra large plants, 30 cents.

JOHN HOPPER—Flowers large, regular and full. Color, a brilliant rose, changing to a bright glowing pink, shaded with rich scarlet. Very sweet and a profuse bloomer.

JEAN LIABAUD—Fiery crimson, shaded with black; very dark flowers; large, full and beautifully formed.

NEW HARDY ROSE,

MADAME JOSEPH DESBOIS.

A most vigorous grower and persistent bloomer. The flowers are very large and double, on long stiff stems, of fine, waxy texture and substance, and last a long time in a fresh state after being cut. The color is a pure snow-white. This we commend as being a very desirable sort. We had buds on this Rose four inches through. A beautiful beauty. This no doubt is the very best white Hardy Rose in existence. It is difficult to propagate, and for this reason will always be scarce and high priced, but it grows well after once being rooted. Price, 20 cents each; large two-year-old plants, 50 cents each. (See cut.)

JULES MARGOTTIN—Bright, clear cherry red; large and very double. A general favorite, one of the best Roses.

LA REINE—A beautiful clear, bright Rose; fine, full form; very fragrant. It is well named "The Queen."

LADY EMILY PEEL—Very sweet; color, white, sometimes tinged and shaded with blush.

LOUIS VAN HOUTTE—A rich crimson, heavily shaded with maroon; beautifully formed and double flowers.

CAPRICE—(The Striped Rose)—Its great beauty is impossible to describe. It is a Hybrid Perpetual, commencing to bloom when very small and producing flowers of enormous size, are perfectly double to the center, and of perfect form. It is very fragrant, and its color is a deep, satiny pink with numerous wide stripes of pure white, making the most odd and unique Rose in cultivation. Cut.
MADAME PLANTIER—The iron-clad white cemetery Rose. This is the old standby, and is unequaled where a hardy white Rose is needed. It bears thousands of beautiful snowy white, fragrant Roses. It is as hardy as an oak.

MAGNA CHARTA—A bright, clear pink, flushed with crimson; very sweet; flower extra large, with fine form and very double.

MONSIEUR E. Y. TEAS—Color, a rich, glowing crimson; very bright and striking. Large, round flowers, of perfect form, very full and sweet.

MRS. JOHN LAING—Clear, bright shell pink, exquisitely shaded. 15 cents; two-year-old plants, 30 cents.

MABEL MORRISON—Petals thick and of a very soft, smooth texture; shell-shaped; very double and rounded in form; of the purest white. 25 cents; one size only.

MARSHAL P. WILDER, New Hardy Rose—This fine new rose originated in this country, and was named in honor of the venerated President of the Pomological Society. It is a Rose of unusual excellence. Flowers are large, semi-globular, full and of good substance. Color, a bright, scarlet-crimson, richly shaded with maroon, very fragrant, and a free bloomer. Price, 15 cents each; large, two-year-old plants, 40 cents each. (See cut.)

PERFECTION DES BLANCHES—The best and freest-blooming of the hardy white Roses. It is a finely formed, pure white variety, but occasionally shows light blush when first opening. Beautifully shaded and evenly arranged. Flowers, good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Texas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush. Price, 15 cents; each, two-year-old plants. 30 cents. (See cut.)

MARGARET DICKSON—The color is white with pale flesh center; petals very large, shell-shaped, fine form and have the true Magnolia fragrance. 25 cents each; large two-year-old plants, 50 cents.

PAUL NEYRON—Deep shining rose, very fresh and pretty. Flower large, often measuring five inches in diameter, and it has this merit—though very large the buds always develop fine, perfect rose. A good strong grower, with nice, almost thornless stems. We know of no rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the Eastern cities for its good, free-blooming qualities. 15 cents; two-year-old plants, 30 cents. (See cut.)

SILVER QUEEN—Silver-blush shaded in the center with a delicate rosy-pink, very distinct, large and full, of beautiful cupped form, and produced in great profusion.

every shoot being crowned with a flower bud. Foliage handsome and habit unusually good, the flowers standing well above the foliage.

ROSY MORN—A lovely name and a magnificent Rose. Extra large size, very double, full, deliciously sweet. Color, an exquisite salmon rose, shaded delicate peachy red, sometimes pale blush, suffused with soft, rosy crimson.

ULRICH BRUNNER—A Superb Rose—A seedling from Paul Neyron. Extra large, bold flowers, full and globular, petals large and of good substance. Color, a rich, glowing crimson, elegantly lightened with scarlet. Fragrant.

WHITE BARONESS ROTHSCHILD—Same in every respect as Baroness Rothschild, except in color which is white. 25 cents each; one size plant only.
THE NEWEST NOVELTIES IN PEDIGREED ROSES.

FOREIGN AND AMERICAN PRODUCTIONS.
ALL TESTED AND TRIED VARIETIES OF MERIT.

The moderate price asked for these new introductions is quite inexpensive, considering the excessive cost of importing and testing the favorites and Queen of all Flowers, the Rose; and then when our VERY LIBERAL DISCOUNTS are taken off, reducing their cost to a MINIMUM.

LEO XII—New Tea Rose. An exquisite rose, and certain to become popular on account of its buds, which are as long and of the same shape as Niphetos; the color is white shading to pale yellow, with a light salmon center. The plant is of vigorous growth. 15 cents each; large, two-year-old plants, 35 cents each.

INGEGNOLI PREDILLATTA—(New Tea Rose.) Middle sized flowers; color, vivid carmine red externally and rose peach pink, internally—a pleasing contrast. 15 cents each.

FRANCOIS MENARD—Very large and full flowers of a beautiful globular shape; crimson red color, cherry red in the center, passing to a dark purple; bud very big, elongated and carried by a firm rigid stalk. 15 cents each; large, two-year-old plants, 35 cents each.

FATA MORGANA—New Tea Rose. Strong grower; flower semi-double; color, magenta-red, with center petals of satiny-pink. 15 cents each; large, two-year-old plants, 35 cents each.

SOUVENIR de LUDOVIC de TALANCE—Flower a delicate flesh color; a free bloomer and very double; of Poi- antha habit. 15 cents each; large, two-year-old plants, 35 cents each.

LORD PENZANCE’S NEW HARDY HYBRID SWEETBRIAR ROSES.

These lovely Hybrids, apart from their extreme beauty, are most interesting, being crosses between the common Sweetbriar and various other Roses. Like their parent, the common Sweetbriar, the foliage is deliciously scented. The flowers are of the most beautiful tints, and produced in great profusion. Not the least of their recommendations is the fact that they are perfectly hardy, even in the coldest situations, and possess a robust vigor which is quite astonishing; these, when covered with flowers of the most delicate shades, have a most beautiful effect.

PRICE, 25 cents each; the set of five, $1.00. No Further Discount on this offer. Large two-year-old plants, 50 cents each; the set of five, $2.00, postpaid. No Further Discount.

AMY ROBSART—Lovely deep rose; the buds before opening are most graceful; of true Sweetbriar type; an abundant bloomer, robust and free.

ANNIE OF GIERSTEIN—Dark crimson, followed by an abundance of pretty clustered bunches of hips; large foliage, good grower and graceful branching habit.

ROSE BRADWARDINE—Beautiful clear rose, perfect in shape; very profuse; strong, robust habit.

FLORA MOIVOR—Pure white, blushed with rose, perfect for cutting, large flowers, their elegance being increased by the sprays of tender foliage that pass up between them; graceful in growth and habit.

LUCY ASHTON—Pretty white blooms, with pink edges; not so large as some others; wonderfully free-flowering; free grower, with rather erect shoots; foliage as sweet as old Sweetbriar.

NEW TEA ROSE,

“Jewel”

THE ROSE OF MANY COLORS.

We now offer the most remarkable Rose in cultivation, and extremely novel and beautiful. Jewel produces flowers that range in color from dark orange-yellow to crimson, variegated, blotched, mottled, etc. A plant in bloom shows no two flowers alike. Some will be dark yellow, others light yellow, buff, light and dark crimson, pink, blush, etc., while others will be beautifully variegated. As may well be imagined, the sight which such a plant in bloom presents is a novel and beautiful one. It is a true Tea Rose, the flower being large and delightfully fragrant, and in both bud and bloom exquisitely beautiful. It is a free grower, irregular and profuse bloomer, especially in the open ground. As a Rose novelty this is the most remarkable ever introduced, and, as may well be imagined, creates a sensation wherever seen.

Price, 20 cents each; large two-year-old plants, 50 cents each.
THE GRANDEST OF ALL NEW ROSES

Climbing Meteor.

THIS NEW ROSE, now introduced for the first time, might more properly be called a Perpetual-Blooming Climbing General Jacqueminot. Though a sport from that finest of all Hybrid Teas, Meteor, it is much larger, and of a deeper, richer color, equalled only by the peerless Jacqueminot, and will produce twenty blossoms to Jacqueminot's one. It is a rose which will make 10 to 15 feet of growth in a season, and show a profusion of bloom every day. Foliage, strong, healthy and luxuriant. Buds exquisite; flowers large, beautifully shaped, and of that rich, dark velvety crimson color seen only in the Jacqueminot. Much deeper and richer than Meteor. We do not hesitate to pronounce it the finest rose in existence for Summer blooming, as it will make a large growth and is loaded with its glorious blossoms all the time. For Winter blooming, it has few equals in beauty and probably none in profusion. Just the rose to train up in a conservatory or bay window, where its exquisite blossoms will show to wonderful advantage. Price, 25 cents each; large, two-year-old plants, 50 cents each.

New Yellow Soupert, "MOSELLA."

This splendid novelty we have just secured from Germany; its origin is almost identical with that of the Soupert, a cross of the Polyantha and the beautiful Tea Rose, Madam Falcot. It blooms in profuse clusters of 3 to 5 flowers, which are very double, ball shaped and open like a Camellia flower. The petals are tinted white, a beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. We take great pleasure in offering this fine Rose this year. It is sure to be a popular companion to the original Clothilde Soupert. Price, 20 cents each; large two-year-old plants, 40 cents each.

New Pink Ever-Blooming Bedding Rose.

PINK SOUPERT.

A seedling from than premier Bedding Rose, Clothilde Soupert. of which we have spoken so highly, and which will be found elsewhere in this catalogue. "Pink Soupert" inherits all the grand garden qualities of its parent and is a clear pink throughout, bright and attractive; the coloring deepens in some flowers to cherry red, and in others it lessens to clear Hermosa pink. The profusion of bloom is wonderful, the whole plant being a mass of flowers. No Rose can possibly excel this for outdoor bedding, and none can be more attractive. It is compact and sturdy in habit, and so hardy for an ever-blooming Rose that it will remain out all Winter safely with slight protection. Price, 16 cents each; large, two-year-old plants, 35 cents each.

LEONIE OSTERRIEITH (New)—Large, full flowers, cup-shaped; color, brilliant porcelain white, shading to very light yellow in the center. One of the grandest blooming Roses known, and the coloring is magnificent. Price, 16 cents; large, two-year-old plants, 35 cents.

MRS. PIERPONT MORGAN—New Tea Rose. This is one of the finest Roses ever introduced in America. Enormous flowers, the petals are broad and massive. The color is an intensely bright cerise or rose pink. Has received prize medals and certificates wherever exhibited. Price, 20 cents each; large, two-year-old plants, 40 cents each.

CORINNE—Has taken a Gold Medal and several certificates of merit. The color is a beautiful flesh, shaded with rose and suffused with tawny copper. The flowers are large size, excellent shape, and very freely produced. 20 cents each.

DIRECTEUR RENE GARARD—New Tea Rose. Remarkable for the size, fullness and brilliant color combination of its blossoms. Color, light yellow, bordered with china rose and deepened to golden yellow at base of petals; the full, rich center of the flower is bright peachy pink. Fragrant; free-blooming and robust in growth. 16 cents each; large two-year-old plants, 35 cents each.

MADAME HENNEVEU—New Tea Rose. Color, variable, bright satin rose, veined carmine. Strong in growth. 15 cents each; large two-year-old plants, 35 cents each.

LOUIS BOURBONNAUD—New Tea Rose. Color, bright flesh rose, lined and touched with yellow. A free-flowering Rose with long buds. 15 cents each; large two-year-old plants, 25 cents each.

MADAME FREULON—New Tea Rose. Color, clear, white, shaded with cream and rose. Long buds; plants, 35 cents each.

MADAME LOUIS PATRY—A new Tea Rose, with large, fine tapering buds of excellent form and substance. Extra large, well filled flowers. Color, rich silvery pink, delicately shaded with rose blush. Tea-scented; very double and attractive. A good compact grower and constant bloomer. 15 cents each; large two-year-old plants, 35 cents each.
MAMAN COCHET—Grand New Tea Rose, and is, without exception, the best new Rose introduced last year, and, up to date, it is the best of all pink Roses for planting in the garden or growing in the house; marvelous for exquisite form and color of its buds and open flowers. Old rosarians regard it with loving pride as a superb thoroughbred, and even stolid people claim over its beauty. Two years ago one thousand dollars was refused for the stock by the originator, Monsieur Cochet. The full, firm, rounded buds are long and elegant and splendidly pointed. As they expand the petals show great depth and richness, sometimes measuring two and a half inches from base to tip. They are shell-shaped, waxen, thick, and shining, and overlap each other in folds of silvery-pink, deepening to bright rose in the circle of uncurling edges. The large, high-built, open flower is an elongated half-globe, perfectly double, and enchanting in fragrance and delicate brightness. The tips and reverse of petals show pearl-pink glints and shadings of rose-mauve; at their base the deep, rich, full center has a glow of soft chamois-orange. The plant is strong and clean in growth, blooming constantly and profusely. The foliage is dark and glossy, the flower stems stiff and long. A peerless and well-nigh faultless garden or house Rose. Price, for this superb Rose, 15 cents each; large, two-year-old plants, 40 cents each. (See Cut.)

GEN. R. E. LEE—New Tea Rose. Entirely distinct among yellow Roses, and very beautiful and unique in color; modern form, branching in growth, and very lavish at all times of its richly colored, delicately-scented buds and flowers. Color, soft apricot-yellow in the wide outer petals, warming to a brighter salmon-yellow in the center. Shadings of cadmium and orange occasionally deepen the heart of the flower, and, in sunshine it is brightened all through by a delicate tinging of salmon-pink. The buds are quite long and quantily pretty in form, the tips of the large outer petals swirling away from the full center with a charming fluffy effect. The outer petals are much wider and longer than the inner ones, and, when the rose is half-blown, form a pretty, pale tinted cup, filled with brighter flutings. The flower is large, and opens widely in a somewhat flattened form, showing a center that is very full, double and sweet. When cut it is quite lasting, not falling apart even when withered. The foliage is graceful and glossy. A charming trait of the Rose is that it often sends up on the stem of an opening flower a long, light spray of leaves, topped by a tiny bud, to give an extra grace and daintiness for corsage wear. 15 cents each; large, two-year-old plants, 35 cents each. (See cut.)

LE SOLEIL—Fine, bright, glossy yellow; large thick petals; very full and cupped. Very strong grower. 15 cents; large, two-year-old plants, 35 cents.

COMTESSE FESTETICS HAMILTON—New Tea Rose. Large flowers, full, well formed, nearly always solitary; color, brilliant carmine red with reflected copper hue in the center; back of petals more highly colored. 15 cents; large, two-year-old plants, 35 cents.

SENATOR LOUBET—(New Tea Rose.) Dwarf, but vigorous; very large, finely formed flowers. Outer petals light, tender rose, center metal yellow color, heightening sometimes to crimson. Very free flowering. 15c. each; large, two-year-old plants, 35 cents each.

BARONNE BERGE—New Tea Rose.

A bewitching dappled little Rose, full to the center, and rather short petalled, but with plump, chubby buds that are as dainty and pretty as can be for wearing. Colors odd and almost indescribable, catching the eye at once: outer petals a tender lemon-white, passing to lilac-rose on the reflexed edges, which overlap each other regularly and just enough to glimpse the the yellow shade below. The center curls into pretty cup-shape and is lighted by tints of apricot and soft rose-pink: 20 cts. each; large two-year-old plants, 40 cts.
New Crimson Ever-Blooming Rose

**PRINCESS BONNIE.**

A new ever-blooming Rose of great promise for our outdoor bedding. It is one of the most prolific blooming Roses we know; the color is a grand, solid crimson, just the shade wanted in the ever-blooming section, the base of the inner petals prettily marked with clear white, the fragrance is delightful, superior to most. If not surpassing, any Rose in its class, and equal to the finest hybrid perpetuals. It is a most valuable addition to our garden Roses, and will prove valuable also for Winter blooming. Price, 20 cents each; large two-year-old plants, 60 cents each.

New Ever-Blooming Rose, “CLIMBING MALMAISON”

A sport from the well-known Souvenir de la Malmaison, similar in flower and foliage to its parent, but of exceedingly robust, climbing habit. There is no finer Rose than the old well-known Malmaison, or “Souvenir of the South,” and we are sure that our patrons, one and all, will be glad to hear that we have a climbing variety that is identical with the parent. First time offered. This variety will prove of inestimable value to all lovers of fine climbing Roses. It will prove perfectly hardy south of Washington D. C. Price, 20 cents each; large two-year-old plants, 50 cents each.

New Hybrid Perpetual Rose, CAPTAIN HAYWARD—When first exhibited this remarkable Hybrid made quite a sensation, and was judged superior to even General Jacqueminot. This is not a matter of surprise however when its beauty is considered. The flowers are large and bold, thoroughly double, perfectly formed, and of a most intense, velvety glowing red. Thrown into prominence by long, strong stems above dark, massive foliage, they are well calculated to create a sensation, whether cut for decoration or growing on the bush. The habit of the plant is vigorous, upright, free-blooming, and hardy even in the North. Recommended as one of the best Hybrids of its color in cultivation. Price, 25 cents each.

**HIPOLYTE BARREAU**—(New Tea Rose.) Distinguished among the crimson roses of the year for its striking shape and contour, which are as beautiful as they are unusual. In the buds, which are solid and beautifully moulded, the petals close upon each other in folds of deep Carmine-crimson, shaded with velvety maroon; in the open flower they are regularly and elegantly disposed. The color lightens somewhat as rose opens, and shows touches of vermillion in the center; at night it lights up wonderfully. The stems are long, and the foliage rich, dark green. Price, 20 cents; large, two-year-old plants, 40 cents each. (See cut.)

**NEW HYBRID PERPETUAL CAPTAIN HAYWARD.**

**PRINCESS BONNIE.**

**MADAME BESSONNEAU**—New Climbing Tea Rose. Large sized flowers with a delightful Tea fragrance. Color, blended shades of amber, carmine and cream; one of the finest new Roses. Price, 20 cents; large, two-year-old plants, 40 cents.

**PRINCE KAMILE PACHA**—New Tea Rose. The flowers are produced on long stems, very large and globular, with petals of good substance; color, apricot changing to saffron yellow. Will undoubtedly be popular on account of its beautiful buds. 15 cents each; large, two-year-old plants, 50 cents.

**VIRGINIA**—A pretty yellow New Tea Rose, introduced last year as a seedling from the prime old favorites, Sar frano and Marechal Niel; bushy in growth and valuable for house or garden culture. The blooms are large, double, finely formed and very lasting. Color, yellow, softly tinged with saffron at the center. Delicately Tea-scented. 15 cents, large, two-year-old plants, 35 cents.
The New Hardy Yellow Climbing Rose, 
YELLOW RAMBLER.

THE flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. Many Roses which are described as yellow have really only a creamy tinge, but the Yellow Rambler is a clear, decided yellow. The flowers are of moderate size, cup-shaped, nearly full, of very pretty form, very sweetly scented. The flowers last three to four weeks without fading, and a large bush in full bloom is one of the most beautiful and magnificent sights imaginable. The habit of growth is very vigorous, well established plants often making shoots of from eight to ten feet in height in a single season. Price, 50 cents each.

THE NEW CLIMBING WOOTTON ROSE.

WHEN the Wootton Rose was introduced some years ago, it created a sensation in this country; and it has ever since been grown by florists as a valuable cut flower. The value of the New Climbing Wootton will therefore be still more apparent, inasmuch as it is perfectly hardy out of doors, having withstood a temperature below zero. It makes an early growth and in one season produces shoots 15 to 20 feet in length and nearly an inch thick, the branches being literally laden with its well known large rosy crimson fragrant flowers from every leaf and stem. Much as Crimson Rambler has been praised it can scarcely be compared with the Climbing Wootton for profusion of bloom, beauty of color or magnificence of growth. $500 was paid the fortunate owner for the original plant. Price for this magnificent New Climbing Rose, offered now for the first time, 50 cents each. Only one size.

New Hybrid Tea Rose.

SOUV. de PRES.

Carnot.

A charming new French rose; one of the most promising new roses we have had the pleasure of offering in years, and we predict for it a grand future with the cut-flower growers. A strong, clean, healthy grower with handsome, bronzy green foliage and large, elegant shaped buds. The flower is of large size, of exquisite shape, with heavy, thick, shell-like petals; buds long and pointed, similar to Niphetos, but very much larger, and all borne on long, stiff, erect stems. Color, delicate rose flesh shaded a trifle deeper at the center. A very profuse bloomer.

Price, 25 cents each; one size only.

MAD. E. RESAL—Flower of medium size with long pointed buds, semi-double when fully open; a novel and distinct color, orange and scarlet at first opening changing to pink and orange in the open flower; a prolific bloomer: Price, 20 cents each.
FIRE PEARL, (Perle de Feu.)

New Tea Rose. A perfect little gem. The flowers are of only medium size, but the buds are perfectly formed and the color is so intense that its name, "The Fire Pearl," is a better description than any we can give. French Rosarians describe it as "puppy-red," shaded vermilion and nankeen-yellow, with chamois tints on the reflex of petals. An odd, captivating Rose. (See cut.) 15 cents each; large, two-year-old plants, 25 cents each.

FRANÇOIS DUBREUIL—A new red Tea Rose of unusual merit with fine large and double flowers, which in color are equal to the best of our deep colored Hybrid Perpetuals. The flowers are large, very full and double, with thick, regularly arranged petals. Color, deep crimson with velvety shadings, rich and fine; buds of large size and of beautiful shape for cutting. A grand bedder, of strong, free growth, and profuse bloomer. Price, 20 cents each.

GRAZIELLA, New Tea Rose.

This splendid ever-blooming Tea Rose is at once both unusually beautiful and remarkable. Splendid large flowers of the delicate color and profusion in which they are produced, make this a variety that should be included in every collection. It is a quick, free and healthy grower, its extreme vigor being almost unequalled by any Rose we know. Whether grown indoors or planted in the ground, continue to bloom when the plant is quite young, and during the entire season gives an unbroken continuity of lovely flowers. Flowers superbly beautiful, in color also different from any Rose in our list. Its wonderful beauty has won for it many silver medals and the admiration of all lovers of rare new Roses. The flowers come in prodigious profusion, are very large, well formed, full and double. The color is delicate and unique—creamy white, clouded with faint blush. Every one will be highly pleased with its surpassing beauty. Price, 20 cents each.

WHITE PAPA GONTIER, (Fiammetta Labonnand.)

It is conceded by all that Gontier is one of the finest and the most profuse bloomer of all the red Tea Roses; this new variety is identical with it in every way except color; it has the same habit of growth, freedom of bloom and size and shape of flowers, which in this are a beautiful satin white delicately tinted with light rose. A fine, large-sized flower with elegant shell-like petals, very handsome buds. Price, 25 cents each.
CARNATIONS—FRAGRANT EVER-BLOOMING GEMS

THE NEWEST EVERBLOOMING CARNATIONS.

ALEGATIERE—Fine dark crimson variety.

DAYBREAK—Very large, perfectly double flowers of the most delicate shade of pink.

Dawn—Large perfectly formed flowers, flesh color, deep pink center.

CREOLE—Color a very dark crimson, large flower.

FRED DORNER—Immense double scarlet flowers, of very richest shade. A strong free grower and also free in bloom.

LIZZIE McGOWAN—Pure white, petals lightly fringed.

SPECIAL OFFER—For only 75 cents we will mail to your address the above set of twelve fine Carnation Pinks. No Further Discount on this offer.

ALASKA—This grand white of last year, introduced by the late Mr. Chitty, has come directly to the front, and we feel safe in claiming for it the first place among white Carnations. The color is very pure; the flower is large, foliage is small and wiry, stem slender and stiff. It comes into bloom early; is extremely free and quite continuous and, apparently, rust proof; an improvement over any other white. Price, 20 cents each.

ABUNDANCE—A unique pink Carnation. We do not believe that any other variety extant will produce as many blooms; it is continuous throughout the year, with a profusion to each plant; it is a dwarf, slender grower. Color: salmon pink, approaching red. Perfectly clean and healthy, and with strong calyx. Its extraordinary profusion of bloom and its very high color, together with its other good points, will more than make up for its shorter stem and medium-sized blooms, which are, however, quite up to the average. Price, 20 cents each.

BELL FOX—(Myers & Samtman.) Finest pink Carnation, intermediate between Daybreak and Edna Craig in color. Large flower, quite full, and of good form with first-class calyx. A splendid grower, of excellent habit, foliage of medium weight, and quite free in growth. Received numerous certificates and first prizes. Price, 20 cents each.

EL DORADO (New)—A beautiful shade of yellow streaked with crimson. The best yellow extant. Price, 20 cents each.

JUBILEE (New)—Color, intense shade of the richest shade; one of the largest flowering among the reds. A persistent and very free bloomer. Price, 20 cents each.

TRIUMPH—This grand new variety does not rust like many other Carnations and never bursts its calyx, has a hardy constitution and is a splendid keeper after being cut. Color, a splendid pure pink of a yellowish tinge, very beautiful. Price, 20 cents each.

Price 8 Cents Each.

PORTIA—Brilliant scarlet flowers, very fragrant.

PRES. GARFIELD—A very fine bloomer, blood red.

SUNRISE—An exquisite variety; orange-colored flowers, flaked and striped with vermilion.

SILVER SPRAY—Pure white; profuse bloomer; beautifully fringed.

TIDAL WAVE—The flowers are a bright pink, shaded salmon, a new shade in Carnations.

W. W. COLES—Bright, deep scarlet; flowers large.

THE C. A. REESER CO., SEEDSMEN AND FLORISTS.
TWELVE SPLENDID NEW CARNATIONS

AMERICAN FLAG—Color distinct, regular and distinctly striped vivid scarlet and pure white. 15 cents each.

ALBERTINA—(New.)—Flower very large, round and full. Color, light flesh and pink, with strong clove fragrance. 10 cents each.

ADELAIDE KRESKEN—(New)—Color, a beautiful rosy pink. Very free blooming and probably the largest Carnation before the public. 10 cents each.

GOLDFINCH—Rich golden yellow, lightly penciled with clear carmine. 15 cents each.

HELEN KELLER—(New)—One of the largest and most beautifully formed Carnations. Exceedingly free-flowering; a strong, vigorous and healthy grower. Color, clear white, ground, delicately and very evenly marked with bright scarlet, giving it a very pleasing and effective finish. 15 cents each. See cut.

PURITAN—(New.)—Large, white flower with heavy fringed petals; delightful clove fragrance. 10 cents each.

ROSE QUEEN—(New.)—Color, soft, pure rose. So much admired. 10 cents each.

RICHMOND—(New.)—Very large flower; color, bright carmine pink. 10 cents each.

SWEET BRIAR—(New.)—A new and rich shade of pink. 15 cents.

THE STUART—(New.)—The color is like the rich shade of scarlet found in so many Geraniums; immense-sized flowers, frequently four inches in diameter. 10 cents.

UNCLE JOHN—(New.)—The color is a pure white; finely fringed and very fragrant, with flowers of the largest size; strong, vigorous growth. 10 cents.

WILLIAM SCOTT—(New.)—Exquisite and lovely shade of pink, with superb fragrance; very large flowers. 10 cents.

SPECIAL OFFER—For only $1.00 we will mail you, postpaid, the entire set of twelve splendid new Carnations. No Further Discount.

HARDY GARDEN CARNATIONS

MARQUERITE—Unequaled for garden or house culture; blooming continually. Every color known in Carnations is represented—white, crimson, scarlet, orange, maroon, yellow, striped, speckled, etc.; but although all these colors and numerous shades not mentioned are to be found in them yet having been grown from mixed seed we cannot supply any special color. (See cut.) Price, 6 cents; 12 for 50 cents, net. No Further Discount.

NEW WHITE HARDY FLOWERING PINK "HER MAJESTY."

This splendid New Pink, which originated in England, we offer this season, with the greatest confidence, as the best hardy Pink of its color of recent introduction. A compact healthy grower with beautiful and distinct foliage of a charming Nile green color, which it retains in its attractive evergreen appearance throughout the Winter, whether planted in open ground outdoors or grown for house culture. Flowers, a lovely clear white in color, very double and produced on long stiff stems, exalting an exquisite clove-scented fragrance; rivals the finest Carnations in size and substance; a very prolific bloomer producing immense masses of flowers. Price, 15 cents each.

HARDY SCOTCH OR SWEET MAY PINKS.

These are dwarfer than the Carnation, growing about a foot in height, the colors being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground, flowers perfectly double, clove-scented; and the plant will stand out of doors year after year, being entirely hardy. They make a very nice border for bed of other flowers, or for cemetery planting, making a large tuft of bronzy-green foliage a foot or more in diameter, from which the flower stalks are thrown up in great profusion. Indispensable for summer bouquets.

Price, 8 Cents Each.

ALBA FIMBRIATA—Pure white, beautifully fimbriated, quite fragrant. This is the Pink our grandmothers used to grow in their gardens, and smells like early summer time and ripe strawberries.

BRUNETTE—Center very dark and velvety, almost black; very fine.

ESTHER—Splendid white, bordered with maroon.

JULIETTE—Deep cherry-red, variegated with pink and pale silvery white; very fine.

LAURA WILMER—A very beautiful new variety, with fringed edges; it has very large center, velvety maroon, surrounded by cream-white.

SNOW—Large, pure white; exquisite clove fragrance.
CULTURAL DIRECTIONS

Which, if Carefully Followed, will Insure Positive Success.

WHEN TO PLANT—The Chrysanthemum is easy to please on this point: at any time after the ground can be worked, even up to July 1st, will give you good blooming plants in the fall.

SOIL—Dig the ground deep: put in quantities of manure. The Chrysanthemum is a gross feeder. If well fed, the flowers will be larger and better colored.

DISBUDDING AND STOPPING—When your plant is six inches high cut back to a height of four inches; allow four shoots and twisters from this main trunk: when these four shoots are four inches pinch out the terminal bud, and save three or four of the branches that will spring from each of these limbs. Allow these last branches to attain a height of nine inches, then stop back for the last time which should be done not later than August 1st. Allow one bud (flower) to a stem, and that a terminal bud.

WATER—Copiously, never allow them to suffer for it.

WHEN TO LIFT—In localities subject to heavy frosts in October and November, plants should be lifted into large pots or boxes from September 1st to 15th; after lifting up thoroughly, and never allow them to suffer for water; give manure water. If possible, once a week. If protected from frost by sheeting they need not be brought into the house till well into October; and when brought in place in a room without fire, and give plenty of air when not frosty. In cold climate winter in the cellar.

CHRYSANTHEMUMS GROWN IN POTS—Throughout the season must be carefully watched and shifted into larger sizes as they are needed: otherwise their culm is likely to become a little too large for the pot.

BLACK APHIDES—Nothing destroys this troublesome insect so easily as clean cold water, dashed on forcibly with a syringe; or frequent sprinklings of tobacco dust or tobacco water will effectually destroy these pests also.

STANDARD LIST OF CHRYSANTHEMUMS.

No Inferior Sorts Among Them.

The list of Chrysanthemums named and described below are well-known varieties of standard excellence, and we especially recommend them for general planting. Please note the very low prices.

September or Early-Flowering Chrysanthemums

An entirely new Japanese Chrysanthemum, invaluable on account of its early flowering. We are indebted to M. Delaux, of France, for this new departure, and it is doubtless if any more valuable acquisition has been secured in the long annals of successful hybridization. They embrace the most desirable colors. Hitherto the great objection to Chrysanthemums in our Northern States was that the frost destroyed most of the flowers before coming to maturity, but now this difficulty is overcome, and this grand advance must surely give an impetus to Chrysanthemum culture hitherto unknown.

Price, 10 Cents Each, Except Where Noted.

CAMILLE BERNARDIN—Very large, Peony-flowered; amaranth violet and brilliant Carmine, lightened with white; entirely new.

BARON VEILLARD—Peony-flowered Hybrid Japanese; plant dwarf, flower very double and very large; brilliant yellow, each petal outlined in rose crim. MME. FRANCOIS;—New Early Yellow. A new seedling Chrysanthemum. It has been on trial three years, and we have every confidence in offering it as the best yellow Chrysanthemum yet offered. No engraving can show the rich buttery yellow color of the flowers, which is superb. It is full of petals and lasts a long time; in fact, although very early, it cannot yet be said that it remains perfect on the plant for such a length of time. We cut the first flowers on October 16th, days before any other large yellow was ready, and had perfect flowers to cut a month later. This grand variety will be invaluable for early cut flowers, and we believe will occupy the same position among early varieties that Golden Wedding does among the late ones. Price, 10 cents.

MME. B. JUNG—Peony; enormous, the largest of its kind; deep crimson red, lightening to chamois, shading to a rich velvety brown; petals incurved and old gold on reverse, frequently with a silvery edge; a striking variety and a good plant for exhibition.

MAD BERGMAN—A grand new early Chinese variety of dwarf habit, very full in growth, and with large dark green foliage. The flowers are large and globular, with reflexed petals. Color, pure white with creamy center. Especially valuable because it is the earliest of all the flowering sorts.

MARQUISE de MONTEMORT—Japanese; flowers very large, pure glossy rose and silvery white: a unique and distinct variety.

M. DUPUIS—Peony, large double-flowered; well imbricated; deep, beautiful canary yellow, reverse rose; a beautiful novelty.

M. FRANCOIS KATZER—Japanese; very large flower, curled and disheveled, a rusty rose and light yellow, marked with long lines of deep yellow; entirely new, the most beautiful and most remarkable of the autumn varieties, obviously distinct.

Mlle. Jacob—Japanese; flower very large, petals twisted and recurved, rosy lilac and glossy white, those of the center forming a large ball of silvery whiteness; a beautiful variety.

M. FREDERIC L'USMAYER—Japanese; flowers enormous and very double, large petals, those on the edge rolled up among themselves, of a most brilliant deep yellow color, each petal regularly framed with crimson maroon.

M. MAXIME de la ROCHETERIE—Japanese. This variety obtained a first-class certificate in London. The outer petals recurved; flowers very large, disheveled and curled, brilliant orange with yellow center, shaded rosy crimson.

M. EULALIE MOREL—Japanese Hybrid; flower very large, very long recurved petals; rich rosy pink, deepest at the center.

MME. GASTELLIER—Pure white; a large fluffy flower, double to the center; one of the earliest to bloom, and one of the most showy varieties in the list.

MME. LOUIS LIONNET—Peony Japanese Hybrid; flowers very large, brilliant silvery white, richly tinged with red; center old gold.

M. ZEPHIR LIONNET—Japanese; flowers semi-double, very large; petals long, recurved and curled; color, violet rose and purple.

VICE PRESIDENT HARDY—Japanese. It is without dispute one of the most remarkable varieties in existence; petals very large and very long, recurved, curled, irregularly grouped; flower exceptionally large, brilliant yellowish gold, bordered with violet; new species, distinct from all others.

SPECIAL LOW OFFER—For $1.00 we will mail you, prepaid, the set of 10 varieties of September flowering Chrysanthemums including M. Bergman and Marion Henderson. No further discount on this offer.
THE "MEDAL" COLLECTION OF NEW CHRYSANTHEMUMS.

Every Variety Won a Medal at the Numerous Chrysanthemum Shows.

PRICE 10 CENTS EACH.

AMOOR—Very large, rounded incurved variety, with broad convex petals; amber bronze, lined with a deeper color. Early.

BRONZE GIANT—A mammoth incurved Japanese bloom, perfect in habit; one solid mass of petals without an eye. Color, rich golden yellow, heavily shaded with the deepest crimson.

BEAU IDEAL—A variety of great excellence. Color, beautiful bright rose pink. Flowers of large size and good substance; petals broad. A prize winner at the World's Fair Exhibition.

CHARLES DAVIS—One of the finest and largest exhibition varieties; petals broad and recurving; color, a very beautiful shade of tawny gold.

EUGENE DAILLEDROUZE—Large, full and double, glowing bright yellow, with magnificent foliage; nothing brighter or clearer in yellows; center petals folded and closed; extra fine.

GOLDEN WEDDING—A grand golden yellow variety. Nothing can exceed the richness of its color; it is unrivaled in this respect. It is a remarkably vigorous grower, and has such strength of stem that it carries its great globular flowers erect, giving it a bold, majestic appearance. The form of Golden Wedding is unique; the outer petals droop downward, in picturesque irregularity; the center of the flower is built high, with broad petals irregularly overlaid, so that, although the flowers are large, they are not heavy, solid-looking, like many others. See cut.

H. W. RIEMAN—A very deep, bright golden yellow, very massive in form and deep as wide. Foliage very beautiful. A grand exhibition flower and always a prize winner.

INTER-OCEAN—One of the grandest novelties of the year; the color is a glistening nearly-white, suffused pink petals, recurving, large, fine.

MAJOR BONNAFFON—Color, soft yellow, incurving, full to the center, 6 to 8 inches in diameter and nearly as deep, of perfect form; a magnificent variety. Won Columbian Medal. See cut.

MRS. CRAIG LIPPINCOTT—The largest yellow in existence. This magnificent new Chrysanthemum measures over nine inches in diameter, and is without exception the largest yellow Chrysanthemum ever introduced. The color is deep, rich yellow, the half expanded flower incurving. In the fully expanded flower the petals are reflexed, showing a yellow disc. Some idea of the value of the new sort may be formed from the fact that the introducer retailed cut blooms for $1.

MRS. JEROME JONES—Pure white. Incurved, high-rounded flower:

and erect. Awarded the Pitcher Gold Medal at Orange, for the best seedling; a silver medal at Philadelphia, and several others. See cut.

H. W. RIEMAN—A very deep, bright golden yellow, very massive in form and deep as wide. Foliage very beautiful. A grand exhibition flower and always a prize winner.

The "QUEEN" COLLECTION of
Chrysanthemums.

A GRAND LOT OF PRIZE WINNERS FOR EXHIBITION
OR HOUSE CULTURE.

—Price, 8 Cents Each, Except Where Noted.—

ACHILLES—Very large, fine grower; one of the best.
Color, white, flushed pink.

CHALLENGE—The grandest of all late yellows and has
won over fifty-four prizes. The flower is a perfect globe
of bright golden yellow of immense size. Price, 10 cents.

FISHER'S TORCH—A pure deep scarlet-red, an entire
new shade, quite full and flat, all one tone of color. This
is something distinctly new.

GEORGIENNE BRAMHALL—One of the finest sent out
last year; grand globular flowers, incurving form. Color,
soft primrose yellow, almost a cream.

GOLDEN BALL—This new variety is so unique in its
symmetry and beauty that it stands without a rival. The
grand flowers are a perfect ball of bright golden yellow,
of great substance, lasting for many days when cut and
placed in water.

GOLD—A grand deep, golden yellow variety, regular in
form with long, narrow petals, slightly recurved; splen-
did for cut flowers.

GOOD GRACIOUS—Another introduction from Japan, and
so remarkable for size as to suggest its name. The color is
also unique, being a delicate shade of peach pink through-
out. The form is remarkable; the petals are incurved and
twisted, overlapping each other in irregular fashion, and re-
sembling talons. Of all the splendid varieties introduced
from Japan, this is perhaps the most remarkable for size,
form and color, and stands alone in its unique beauty, there
being nothing at all approaching it.

HARRY BALSLEY—A magnificent variety, of a soft "Mer-
et Rose" pink in color. One of the best for exhibition or
cut flowers known. Remarkably easy grower, with large
flowers, semi-globular in form, borne on stiff and strong
stems. Price, 10 cents each. (See cut.)

HERON'S PLUME—Immense flowers of purest frosted
snow white, eight inches in diameter; petals, long and broad,
resembling the beautiful plume of the white heron.

HER MAJESTY—This is one of the grandest varieties ever
offered to the public. It is a pearly colored sport from that
renowned and justly celebrated Chrysanthemum, Mrs. E. G.
Hill, and even eclipsing that magnificent variety. The petals
are broad and of great substance, the flower very large and
carried well up on a strong and stiff stem. Its keeping qual-
ities are unsurpassed; there is no variety to our knowledge
that can match it for brilliancy or purity of tone and
color. Size of flower is all that can be desired. Price,
10 cents each.

HICKS ARNOLD—Large, full double flowers of an old gold
and amber color.

SPECIAL LOW PRICE OFFER—For only $1.00 we will mail you, postpaid, this entire Queen Collection of 18 prize-
winning Chrysanthemums. No Further Discount.
Ostrich Plume Chrysanthemums

The title of “Ostrich Plume” was applied to the first of this new type of the Chrysanthemum (Mrs. Alpheus Hardy.) to distinguish it for all time from those previously known, but more particularly to direct attention to the soft feathery growth with which the flowers are thickly studded, forming so striking a resemblance to an Ostrich Plume that this title was instantly suggested when first seen.

**PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.**

**BEAUTE LYONAISE (New)—**This new variety has very large petals, altogether a very peculiar flower. Color, an odd shade of red, somewhat plumed. Price, 20 cts. each.

**EIDERDOWN—**One of the grandest new Ostrich Plumes; color, pure snow white, with broad solid incurving petals overlapping each other; a strong grower with stiff stems. Flowers lasting unusually long after cutting. Price, 15 cents each.

**GOLDEN HAIR—**Color, bright chrome yellow, suffused with amber; the greatest novelty in the Ostrich Plume class that has appeared lately.

**GOLD DUST—**Pure golden yellow; very full and large finely incurved, showing no center at all. The most brilliant yellow in the Ostrich Plume class. First season out. Received medals at the Fall Exhibitions. Received honorable mention at the great Chicago Show last Fall. Mr. Hill, the introducer, says it is the grandest Hairy Chrysanthemum extant. Price, 15 cents each.

**L’ENFANT des DEUX MONDES—**This variety is a great improvement on Mrs. Hardy; with a grand flower, very large, fine pure white and very plumy. Makes a fine bushy plant. Extraordinarily good for pots. Price, 15 cts. each.

**LOUIS BOEMER—**This is identical in its strange and beautiful formation with Mrs. Alpheus Hardy, but its color is an exquisite shade of silvery pink, with deep rose on the inside of the petals. It is of vigorous constitution, being one of the strongest growing varieties we have, so that it is certain to produce perfect flowers under the most ordinary cultivation.

**MRS. HIGINBOTHAM, (New)—**Enormous bright pink, broad spreading Japanese variety with extremely wide cupping and incurving petals, covered with glandular hair. The largest and best hairy variety to date, exceeding 12 inches in diameter. Price, 16 cents each.

**MRS. WM. TRELEASE—**Color, beautiful shade of pink and violet; very hairy, large and full.

**MONARCH of OSTRICH PLUMES—**Bright chrome yellow, shaded with amber; flowers very large, full and incurved; a grand addition.

**MRS. HENRY GRAVES—**A grand peach pink, quite hairy.

**PERLE LYONAISE, (New)—**Ostrich Plume; bright clear golden yellow, somewhat plumed, quite full; one of the very finest, of medium size; beautiful globular form. Price, 15 cents each.

**SPARTEL—**Beautiful rose pink with hairy florets.

**SAUTEL’S WHITE—**Grand flower; pure white and very hairy.

**W. A. MANDA—**The flowers are very large, of a beautiful clear golden yellow, incurved, and covered with golden yellow hairs.

**WHITE LOUIS BOEMER—**In every respect identical with Louis Boemzer, except that it is a beautiful pure white. A gem in its style and a prize winner.

**SPECIAL OFFER—**For $1.00 we will mail, prepaid, the above set of Sixteen Ostrich Plume Chrysanthemums. No Further Discount on This Offer.

**HARDY CHRYSANTHEMUMS.**

We are asked occasionally if we can supply the hardy varieties that stand the extreme Winter of the North. We offer the following two sorts. They have large flowers, and are perfectly hardy. Hardy Yellow and Hardy White. Price, 10 cents each.

**Jackson, Miss., December '96—**The Chrysanthemums I purchased of you last Spring were the finest I have ever seen and the admiration of the whole town.—W. J. B.
The Newest Novelties in Chrysanthemums.

This list of varieties has all won medals or certificates of merit, and we take pleasure in announcing that they are the very best of the newest of new "Mums."

---PRICE, 15 CENTS EACH, EXCEPT WHERE NOTED.---

CRYSTALINA—Snowball type, pure white flowers, which resemble a ball of cut tissue paper, the petals being very fine. It is a grand keeper, and can be roughly handled and will not drop or burst; comes into bloom early, is of a dwarf habit, unexcelled for pot culture. A winner of first prize for the best white seedling in the Chicago Exhibit of 1894.

CAMILLE d'ARVILLE—Large white bloom, on first opening, with salmon; with upright Dahlia-like petals.

DR. A. W. WAKLEY—A mass, quite full, a globular incurved form of large size and peculiar satiny-like finish; a very beautiful variety. Received certificate at Chicago. Price 20 cents each.

EDITH SMITH—The earliest large reflexed white Japanese to date; broad flat petals, outer ones reflexed. In bloom by October 10th.

GLORY of the PACIFIC—We predict that this fine variety first among the pink sorts. Of magnificent size and depth, with broad petals which finally reflex, showing the clear pink color to excellent advantage. This variety will delight every lover of the beautiful and artistic. (See cut.) Price, 20 cents each.

HELEN BLOOGOOD—A pure clear pink, without a trace of purple or magenta. Globe form and a grand flower.

INDIANA—Flowers of immense size, frequently measuring 22 inches when well grown; color, beautiful clear bright pink.

JENNIE FALCONER—An immense deep bloom, bright lemon yellow; dwarf habit; broad incurving petals.

JAYNE—This grand double pink is of large size and great substance. The color is a deep pink shaded rose; the form, high built with regular incurved blooms. A very strong grower, with first class foliage well up to the flower. Winning for us the first prize for the best specimen plant at the Chicago Exhibit of November, 1895, and bearing over 400 blooms.

JOANNA—One of the finest bronze Chrysanthemums. Flowers very large, measuring 7 inches in diameter. Incurved petals with high built center; color, old gold with reverse of petals deep crimson. Strong grower with good stem and foliage.

LADY PLAYFAIR—A beautiful pearly pink, deepening in the center. The flowers are very large with high, rounded center. It has taken rank this season with the very best pink kinds, and will flower early in October.

LATEST FAD—A mammoth bloom borne on stiff stems, with cord-like petals, eight inches in length, gracefully recurving, without an eye. Color, a rich yellow, at times mottled, striped and slashed with bright crimson and bronze. A grand and unique pot plant.

NEW YORK.

DAYDAWN—A grand, early white, center creamy lemon upon opening, gradually becoming pure white; the petals increase in length from the center; while the bloom is quite double, it is of informal and graceful arrangement, on a stiff stem with foliage, quite up to the flower. Received certificate after traveling to Boston. Price 20 cents each.

MRS. HENRY ROBINSON—A very early white of exceptional merit: blooming about October 1st.

MRS. J. H. WHITE—One of the largest and richest crimson varieties. Petals reflexed, reverse bright gold.

MINERVA—Good clear yellow, flower very large and early; plant quite dwarf. One of the best yellows.

MRS. M. M. JOHNSON—Beautiful foliage, a stiff stem and deep golden color, together with its fine form and great depth, mark it as a leader among early yellows. The flowers were in fine condition for cutting on October 10th. Certificate at Chicago and Cincinnati. (See cut.)

MRS. W. C. EGAN—A variety of perfect built flowers of great depth; color, crimson pink at the base, shading off to a pale sulphur yellow, suffused with buff.

MRS. J. M. PARKER, Jr.—Of dwarf, robust habit, with fine foliage, flowers 7 to 8 inches in diameter, with broad incurving petals, inner surfaces deep rich pink, reverse light silver shade. Blooms about October 10th.

MISS FERRIN—Has slender, stiff stems; ornamental foliage. The flower is of globular form, incurved, full, and with a finish as fine as satin. Color, rose pink within, glistening pink without. Recognized as the ideal variety in this color. Received first prize wherever shown as best pink; at Boston, Philadelphia and Chicago, and received the most flattering notice everywhere. Price, 20 cents each.

MIDNIGHT—This is one of the most remarkable flowers. Color, rich crimson; very large and covered with glandular hairs, belongs to the Ostrich Plume family. Price, 20 cents each.

MAD. CHARLES MOLIN—A fine large purple flower, frequently measuring 10 inches in diameter.

MISS GLADYS SPAULDING—One of the very best whites ever produced. A large, round exceedingly well built flower.
MRS. HENRY ROBINSON—A very early white of exceptional merit, blooming about October 1st.

M. RICHARD DEAN—Very bright clear pink, of a beautiful shade; petals horizontal and recurving, of great substance and depth and far above average in diameter. First premium at Chicago last Fall for the best pink.

MRS. WM. H. RAND—A remarkable rich yellow color and quite distinct. Petals long, twisted and irregularly reflexed, making it resemble a tangle of gold.

Price, 25 cents each.

MRS. POTTER PALMER—Rosy pink with silvery reflex; a beautifully shaped flower of large size, full to the center, outer petals reflexed to stem with incurved tips; growth vigorous with stiff upright stems.

NELLIE ELLERSON—Grand flowers of enormous size; color, Indian red. One of the best for exhibitions or house culture. Awarded premiums everywhere shown.

NEW YORK—Very large, incurved, dense and compact flowers; foliage and stem strong and heavy. Color, very fine clear white. Grand and magnificent. (See cut.)

NEMESIS—Very early and almost identical in color with Daybreak Carolina. A fine, bold, well built flower, with straight broad petals.

PLUTO—A fine bold flower globular in shape and well built; all except the center petals are reflexed and of clear, bright red, which is the predominant color of the whole flower excepting the center, which is incurved. The reverse being bright golden gives it a very novel and pleasing effect. Price, 20 cents each.

PAUL NOISETTE—(Or Yellow Ivory.) This one is one of the very best varieties for pot culture or cut flowers, seldom growing in height over eighteen inches. Flower of a medium size and of a rich lemon yellow, slightly hairy. This will become as popular as the well known Ivory.

PARKING GUEST—The most chaste and beautiful late incurved Japanese. Large and very deep; color, white, lower petals lightly tinted rose-illiac.

VIOLESCENT—A magnificent variety for exhibition or commercial purposes, especially where lusty blooms are desired for Thanksgiving day. It is of enormous proportions, building up extremely well, finishing with a slightly rounded, incurved center; color, white with lower petals delicately tinged lavender. One of the most beautiful flowers imaginable. Received first class certificate of merit from Chrysanthemum Society. Price, 25 cents each.

GLORY OF THE PACIFIC.

PHILADELPHIA—This most unique and beautiful variety is the wonder of all who saw it. An immense, large Japanese incurved flower, with grooved pointed petals of great width, reverse ribbed; opening yellow, but changing to white with yellow at the tips. This is its distinctive feature, and a more charming effect cannot be conceived. Awarded silver medal in England, and six certificates, four first premiums and three silver medals in America. (See cut.)

RUTH ELLIS—This variety was certified by the California State Floral Society. The stem and foliage both good; color, lovely bluish white; form, a magnificent specimen of the highest type of the Japanese incurved, one of the largest size.

RADIANCE—New and great improvement over the renowned Golden Wedding. Color, deep and shining golden yellow, of heavy texture and broad incurving petals.

SUNCLAD—The very best and brightest yellow October flowering Chrysanthemum grown; received certificates of merit wherever shown.

SIGNAL LIGHT—Pale yellow incurved Japanese. Reverse of lower petals tipped red bronze; finely built flowers; as truly incurved as a Chinese; solid and perfectly double, lasting a long time. Habit very dwarf. Foliage beautiful and right up to the bloom. (See cut.) Price, 20 cents each.

TIPPECANOE—An odd color, pink terra cotta, with a lighter colored reverse of petals, fine for exhibition.

THE BARD—Extremely double, reflexed variety of medium size. Color a rich crimson, with outer edge of petals trimmed with old gold; vigorous grower; grand for exhibition, winning for us First Prize for best red bush plant at the Chicago Show of 1893.

TRILBY—The petals are slightly twisted, but form a bold, round, handsome flower; very full. Color, clear and glistening white. Growth dwarf with handsome foliage. Blooms in perfection about November 20th, just in time for our National Thanksgiving Day.

WM. SIMPSON—It is the earliest large Chrysanthemum grown. Has been cut early in October. In color a pleasing shade of light pink. In form, like Mrs. E. G. Hill, but a deeper flower. A good, strong, healthy grower. Stiff stem, with clean foliage. Received certificate of merit for best pink American seedling at Pennsylvania Horticultural Society’s exhibition, November 5, 1888. Price, 20 cents each.

MRS. PERRIN.

PHILADELPHIA.
Bed of Bruant's Geraniums with an Edging of Geranium Pearl Gem. 5 feet in diameter.

A BED OF 40 MAGNIFICENT GERANIUMS FOR $2.00.

Every garden, large and small, has room for an attractive Geranium bed, and no Geranium gives better satisfaction for bedding than the now celebrated Bruant. It is the best semi-double scarlet, and is one mass of bloom throughout the entire summer.

FOR $2.00 We will send, postpaid, 20 Bruant Geraniums and 20 Pearl Gems, which can be used as a border, as it makes a round, ball-like plant, about a foot high, with foliage edged with golden yellow. The above 40 Geraniums will plant a bed five feet in diameter. If preferred, we will send 40 Bruants for $2.00, postpaid, NO FURTHER DISCOUNT ON THESE OFFERS.

...Bruant's Sun-Proof Geraniums...

WHAT MATTER what the temperature or weather the Bruants are always growing, always green and crowned with flowers. New colors, new styles, profuse blooming sorts—all these have combined to make the Bruant Geraniums the most popular plant for bedding or pot culture.

ALFRED TENNYSON—Very large trusses of large semi-double flowers; color, clear orange, petals marked with heliotrope.

ALFRED MAME—A magnificent bedding variety; the trusses are of extraordinary size, the florets by actual measurement being 9/4 inches long by 3 inches wide. Of almost pansy form: the color is a soft sub-scarlet, lower petals shading to salmon in the center, which is deeply veined crimson.

AURORA BOREALIS—Bright, brilliant red; large flowers; very effective.

BRUANT—The giant among Geraniums; color, most pleasing shade of vermilion red; trusses exceptionally large, spherical, and flowers absolutely perfect in shape, contour and make-up; one of the best for pot culture and bedding.

BLANCHE MOULAS—A grand bedding and potting variety; flowers large; color, salmon, beautifully bordered with white.

BARBIZEET—Flowers very large; color, fresh, bright rose, maculated with white on upper petals.

BEAUTY POITEVINE—Very large double flowers in immense trusses; color, brilliant salmon.

COMPT de BLAGAS—Of beautiful habit, foliage of medium size, with good zone, large florets in good sized truss, center brilliant orange salmon, with brighter border and large white eye. The best salmon for producing a mass of this color in bedding.

CHAPLIN—Large floret, semi-double, of brilliant red, shading to white center; a lovely shade.

DR. OLENET—Strong, vigorous grower. Immense trusses of bright, capучine scarlet. A fine bedding variety.

FRANCOIS ARRAGO—A charming variety and free bloomer; color, salmon pink, shading to salmon in center.

GLORIE POITEVINE—Extra large florets and trusses; color, orange vermilion, white center.

LE CID—Rosy carmine, shading to scarlet; a charming shade.

LEVIATHAN—Enormous flowers; color, bright orange red; reverse of petals, silvery; semi-double; very fine.

MONSIEUR EMIL BARR—Large flowers, borne in immense trusses; color, vermilion red; very attractive and showy.

MADAME de la ROQUE—Enormous round flowers in large trusses; color, a beautiful salmon, with orange shaded center.

MONSIEUR PONSIGNON—Color, bright aurora rose, shaded salmon, with white eye; large truss.

MRS. E. G. HILL—Single; floret 4x2½ inches, center of each petal soft light salmon; bordered with rosy salmon and veined deep rose.

MRS. A. BLANC—Apricot red, veined darker, with rose center.

MONSIEUR LOUIS FAGAS—Semi-double; clear, bright orange-scarlet; extra fine.

PROTEE—An exquisite variety; flowers very large; color, silverly lilac-white changing to silvery pink.

PRICE, 10 CENTS EACH.

SPECIAL OFFER.—WE WILL SEND YOU THE ENTIRE SET OF 21 VARIETIES BRUANT'S SUN-PROOF GERANIUMS FOR $1.50. NO FURTHER DISCOUNT.
New Double-Flowering Geraniums.

PRICE, 10 CENTS EACH.

ALPINE BEAUTY—What S.A. Nutt is among dark reds Alpine Beauty is among double whites; we consider the finest double white up to date. (See cut.)

CENTAURE—Color, the richest deep pink; shading near base of petals to light pink: the base of upper petals creamy white.

CONTRASTE—Very large. Lower petals orange and carmine, upper petals clear orange, making a striking contrast of colors that is unsurpassed and extremely beautiful.

DR. JACOBY—Enormous trusses of a clear mankeen salmon.

DR. MAREST—Flowers of remarkably vivid carmine-scarlet, very large, perfectly double, and well-massed growth dwarf, yet broad and massive. Always in bloom and always singled out as the best and brightest bedding variety growing in our fields.

ELLA GIDDINGS—Large flowers, of a rich dark scarlet.

ERNEST KELWAY—Vivid scarlet, with grand truss; everything that could be desired in growth habit and quantity of bloom.

S. A. NUTT The Great Crimson Bedding Geranium.

This, the finest of dark crimson Geraniums, has now taken the lead as a bedding Geranium, being used in the largest parks and public grounds of the country in preference to all others. Its dense, compact growth, profuse blooming qualities and sun proof constitution combined give it the prominence as a bedding it has attained. We sold upwards of 50,000 plants of S. A. Nutt in the past season. A pot plant cannot be excelled, as it does not make the long, straggly growth so many other Geraniums do in the Winter. Price 10 cents each.

SPECIAL OFFER—For $1.00 we will send you 20 fine plants of the best crimson Geranium, S. A. Nutt, or 8 for 50 cents, postage paid. No Further Discount.

HERVE de BORNIER—Large trusses of double flowers; white, delicately tinted.

JOSEPHINE GERBEAU—This variety produces trusses of immense size, the largest of any of the semi-double varieties. In color it is quite distinct cherry, shading to rosy lilac, the whole flower marked with white.

JAMES KELWAY—A most beautiful crimson scarlet of fine size and satiny texture; two upper petals slightly recurving.

LEONARD KELWAY—Glowing carmine, very bright and attractive; the petals showing a peculiar gloss; color as fine as S. A. Nutt.

LE CONTABLE—Large, full double flowers of a beautiful bright rose color; an extra fine variety.
La FAVORITE—This is, without doubt, one of the best double white Geraniums ever offered. It is a strong grower, a profuse bloomer, always coming perfect in color and substance; the trusses are very large, flowers beautifully formed, of the purest white, retaining their color in the sun, not drawing to a pinkish color.

MARY HILL—The richest and purest deep pink flowers of the largest size, fine form with very large trusses.

MONTEESQUIE—Very large flowers and truss. Color an exquisite pale mauve with white eye.

MONSIEUR PRESS—Enormous trusses of large well-formed flowers; rich rosy salmon, shaded with carmine and white.

MONSIEUR de FORTANIER—Double, very large, round florets; rosy cerise and capucine red.

MADAME CHANTRIER—A fine Winter bloomer; enormous trusses; rosy scarlet and soferino, with white reverse.

MADAME AYME CHEVRERLIERE—The best double white Geranium in cultivation. In our trials we noticed that all through the summer this superb new variety produced more flowers than any other white variety, and the trusses and florets were larger.

PROFESSOR POIRault—One of the most beautiful of the fancy doubles; flowers large, and of brilliant violet color, the upper petals very distinctly marked with orange.

ROSEBUD—A perfectly formed, bushy little plant, constantly covered with well-proportioned trusses of exquisite little rosebud florets, so intensely brilliant in color that they appear to vibrate. Of hardy, vigorous, healthy habit, and growth, and quite distinguished among scarlet Geraniums for its pretty, dainty form and dazzling color. Fine and lasting for buttonhole bouquets. A charming pot plant, lavish of its pretty blooms, and attractive at all times of the year. 10 cents each. See cut.

SULLY PRUDHOMME—Florets very double, in large trusses; bright carmine in color.

SACHER MASOCH—Very large trusses of double florets; color, currant red.

SIR TREVOR LAWRENCE—Enormous trusses of bright rosy pink flowers; beautiful foliage.

WM. KELWAY—Very large trusses, double, fiery scarlet.

WILLIAM PFISTNER—Beautiful, bright apricot color, quite distinct and by far the best ever sent out of the color. Plant of perfect habit.

New Single Geraniums.

The improvement in Single Geraniums still goes on. In the following list are some grand high-colored bedders, as well as some of the most exquisite fancy pot varieties.

PRICE, 10 CENTS EACH.

FOR $1.00 WE WILL SEND 16 OF YOUR SELECTION.

ATHLETE, New Crimson Geranium—For many years it has been the aim of all Geranium growers to produce a bright scarlet Geranium with a distinct white eye. There have been many varieties, but until Athlete was raised, there was none that filled all the requirements. Its florets measure two inches across, of the most intense fiery scarlet, and it has a large, distinct, pure white eye.

ALPHONSO DAUDET—Color, reddish salmon, darker center.

BENJAMIN SCHROEDER—Very large single flowers, of soft rosy pink, with distinct white blotch on upper petals.

New Pedigree Geranium, JOHNIE DOYLE.

Always in Bloom Whether in Beds or Pots, Indoors or Outdoors.

This remarkable new Geranium is a cross between Grand Chancellor and Bruant and is destined to take the most prominent place in bedding or pot Geraniums. In our grounds during the past season this grand variety was the center of attraction the entire summer through, which was one of the hottest and driest known for years. It never lagged but grew and bloomed continually. The growth dwarf and massive. The color brilliant and rich vermilion scarlet. Flower trusses enormous on stiff, upright stems, fine for cutting. Price, 10 cts. each; 15 fine plants for $1.00. No Further Discount.
GRAND SET OF NEW BRUANTS.
PRICE, 15 CENTS EACH, EXCEPT WHERE NOTED.

BARONNE de SOCALIBERT—Bruant, dwarf and compact growth, and so free in bloom that the large trusses cover the plant. Florets extremely large, of bright, soft pink color; center marked white, petals veined with red, a lovely color and a grand addition to the Bruant type.

EUREKA, New Single—The trusses are enormous and composed of extra large florets, of the most singular and beautiful shade of violet crimson, marked and bordered with fine deep orange color. Superb in color and growth. Price, 25 cents each.

COMTE de ELBEE—Single. Habit rather dwarf, foliage beautifully zoned; trusses immense, on rigid stems; florets immense, color, tending to white, petals veined with bright rose; very distinct. A decided novelty in this race.

GENERAL DODDS—Plant very dwarf in habit, and foliage very heavy; leaves beautifully dented; trusses very large indeed; petals more than two inches in diameter; color, soft vermillion; of grand effect. Single.

MME. CHAS. MOLIN—Trusses and florets enormous; color, clear, bright salmon, white eye. Remarkable for the quantity of the trusses, and also for its lovely color. Plant semi-dwarf, zoned in black, and very fine in bloom. Single.

PELARGONIUMS, OR LADY WASHINGTON GERANIUMS.

The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom during the months of May and June, they are very beautiful and ornamental, either as pot plants or in the garden. Although their time of blooming is short, their great beauty while in flower makes them very desirable. We offer the newest varieties. Their beautiful veils and markings are so hard to describe that we can only refer you to the plants to give you an idea of them.

BEAUTIFUL NEW VARIETIES OF PELARGONIUMS

BRILLIANT—Dark crimson scarlet, bright and strong. 25 cents.

FRED DORNER — New Ever-Blooming Pelargonium. It is a perpetual-blooming variety, usually commencing to bloom in December or January and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded toward the center with rich carmine pink, with a glowing crimson blotch on each. 25 cents.

MADAME THIBAULT — The Queen of Pelargoniums: rosy pink, double; beautifully ruffled edges. A free, easy grower, and fine in bloom. 30 cents.

MRS. ROBERT SANDIFORD — Flowers of the largest size, well doubled, beautifully ruffled on edges of petals, pure, glistening snow-white; wonderful lasting qualities when cut. 30 cents.

JOAN OF ARC—This is one of the most beautiful plants it has been our privilege to offer. The flowers are perfectly double, while as snow and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy green leaves making it a most effective background for the great clusters of snow-white flowers. Price, 15 cents each.
NOVELTIES IN GERANIUMS
OF SURPASSING BEAUTY.
Price, 15 Cents Each. Except where noted.

COLOSSUS—Double. Florlet quite circular, semi-double: 2½ inches in diameter; truss also fine. The color is very beautiful, a rich shade of rosy crimson. Very free in bloom. One of the very largest and finest among the double reds.

CARMEN SYLVA—Single. A beautiful pure white variety, with large trusses of fine shaped flowers. Plant a compact grower and a most prolific bloomer. One of the best white geraniums either for pot culture or for bedding purposes.

DR. LEVASSEUR—Single. A fancy variety, peculiarly blotched and shaded, immense trusses of large florets; the three lower petals are orange cerise marked with lilac, which shades into cerise; the upper petals are lilac veined with red and bordered cerise; free and vigorous.

DR. BLANCHE—Double. Flowers are large; full; very bright orange red.

DIEGO PODDA—Double. Very large trusses of fine double flowers, copper orange shading to clear rosy flesh at the edges of the petals. An extremely fine novelty and very distinct.

DOUBLE QUINA—A decided improvement on Re Umberto, which is good enough recommendation; it is a better grower, stands the sun better, and is of a very bright orange yellow color; florets and trusses large and of fine form.

DR. NANSSEN—(New Single)—Purest white even in the hottest weather; a beautiful example of the round-headed English section. Florets large and petals overlapping. Dwarf habit and a fair grower. Extra good fancy white. Price 25 cents each.

DEUIL de MIRABEL—Single. The grandest single scarlet that we have yet seen. Footstalks fifteen inches long and very rigid, bearing enormous trusses composed of immense circular florets of velvety crimson scarlet. This variety has the floret, the finest truss, the longest stem and the stiffest flower; it is a fine and very free grower. Price, 25 cents each.

EULALIE—Double. Bright salmon, a beautiful, well-formed flower, and a distinct advance upon any previous introductions in the same class, both in bloom and habit. FLEUR de NEIGE—Double. Carries enormous trusses on long foot stalks, well above the foliage. The florets are semi-double, of the peculiarly charming form of Mme. Chevalleire, purest white in color. A perfect compact grower; very free; fine for massing. (See cut.)

GLORY OF PARIS—(New Double)—Large, round florets, of waxy appearance, colors carmine and white, with carmine center, each petal delicately edged with carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we know. This is the most beautiful of the parti-colored Geraniums and always appear so bewitching to the eye. The very brightest color imaginable.

GAMBETTA—Double. Strong, stiff stems, carrying very large flowers of bright magenta rose color. Extra good in all points if you like the color.

LADY CANDAHAR—Intense deep salmon, large, full flower and truss, habit dwarf and branching, very full. A decided advance on the best double suns.

LORD Tennyson—One of the finest of the New English Geraniums; very large, semi-double flowers, distinct and effective. Color, fiery salmon. Trusses fine but crowded.

MAD. CH. DEBOUCHE—Double. Extremely free flowering, with enormous trusses, composed of large round flowers. Color, bright rose, shading to light pink. A grand variety.

M. POIRIER, New Single—It is a perfect marvel among Geraniums, and is the best of the new dwarf-grown sorts. It is very dwarf and compact, and of very branching habit. The flowers are produced in the greatest profusion upon large sized trusses, and the color is like the beautiful Aurora, is unique and changeable, some trusses being of Mme. Chevalleire, purest white, others with the outer petals almost a pearly white, carmine color. Others with the outer petals almost a pearly white, carmine color.

NEW LIFE—Single. Although introduced some years ago, this variety has always been scarce and has never yet been supplanted and is becoming increasingly popular. The flowers of the most brilliant scarlet, every floret being striped with white, after the style of a carnation. The plant is dwarf in habit; very free blooming. 25c each.

PICOTEE—Double. Very beautiful and distinct, quite unique in appearance on account of the quilled scalloped formation of the petals; color, white with bright salmon pink base.

RASPAIL IMPROVED—Double. Among double Geraniums there is nothing finer. The color is a deep scarlet of exquisite shade. The flowers are very free, in trusses of 2½ inches in diameter. Foliage and habit are both good, and it is a first-class winter bloomer; can easily be made into grand specimens.

THE WONDER, New Single—This new Geranium, without doubt, the finest that has ever been offered, is so intense in color, such a wonderful bloomer and strong grower, that it was named “The Wonder,” from the fact that every one who saw it pronounced it wonderful. Flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, 1½ inches in circumference. A fine bedding or pot plant.
BEGONIAS—Flowering Varieties.

PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.

They are suitable for pot culture in the window or the outdoor plant stand, and also for planting in hanging baskets and ferneries. The Begonia is the one flowering plant that is always found in the window garden.

10 FINE FLOWERING BEGONIAS FOR ONLY 50 cts.

SPECIAL OFFER—For only 50 cts. we will send, postpaid, ten fine Begonias of our selection from the following list, all different and all labeled. No Further Discount.

ARGENTA GUTTATA—A cross between Olbia and Alba Picta, having the silvery blotches of Alba Picta and form and beauty of Olbia. The leaves are oblong in shape, of a purplish bronze color, with silvery markings. The flowers are white. Price, 10 cents each.

ALBA PERFECTA—In all respects identical with the well-known Rubra, except that the flowers are white. Price, 10 cents each.

ALBA PICTA—Long, pointed, slender leaves, thickly spotted with silvery white. Foliage small and elegant. Price, 10 cents each.

BERTHA CHATEAU—An upright growing variety, with small, bright green leaves, and flowers of a beautiful currant red. Very floriferous and a charming variety.

MARGUERITAE—Similar to Metallica; leaves bronze green; light rose-colored flowers. (See cut) Price, 10 cents each.

BEGONIA MANICATA AUREA—In our entire list we have no plant whose foliage can equal that of this grand Begonia. The shading and distinct marking of the leaves is something wonderful. One part of the leaf will be a deep velvety green, while another is a light cream, shaded with bronze or pink, making a most novel and showy appearance. Its strong, healthy habit of growth and variegated leaves make it a favorite with every one. The illustration is a correct representation of this lovely Begonia. Price, 20 cents each.

New Begonia, M. de LESSEPS—A decided improvement on Argenta Guttata, the leaf being four times the size seen in that variety, while the silky texture is the same, and it is beautifully spotted with silver. A very strong, free-growing variety that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful white and pink flowers. Price, 15 cents each.

NITIDA ROSEA—A strong-growing, profuse-blooming variety, producing immense panicles of rose-colored flowers.
RUBRA—If you only have one Begonia, let it be a Rubra for it will prove a constant delight. It is so fast-growing that it will in a year or two reach the top of your window sending up heavy stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral colored flowers as large as a hand. Price, 10 cents each.

Crimson Leaved Begonia, SANGUINEA—A showy variety with very large leaves, the upper side of which is a rich olive, the under side crimson, and of a peculiar leather-like substance, dainty flowers, light rose to white. Price, 15 cents each.

SEPTRUM—A strong, upright-growing species, with palmate leaves, which are ornamented with large silver spots arranged parallel with the ribs; underside of leaf thickly studded with small sparkles, making a handsome specimen. Price, 20 cents each.

SANDERSONI—Coral Begonia. One of the best flowering Begonias. The flowers are of scarlet shade of crimson, borne in profusion for months at a time. Leaves slightly edged with scarlet.

BEGONIA THURSTONII—Is a cross between Metallica and Sanguinea, having the bright red foliage and veins underneath the leaves, and bright metallic green, shading to red, in the younger growth on top. The flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell pink. A charming variety. Price, 15 cents each.

VERNON—This excellent new variety is of unusual merit as a bedding sort, flowering freely as early as when grown as a pot plant. It begins flowering when first planted and continues throughout the whole season until stopped by frost. Foliage rich glossy green, often variegated dark red. Flowers of deep red changing to a beautiful clear rose in the fully open flower. Price, 10 cents each.

VELUTINA—A beautiful, erect-growing Begonia, with dark, rough foliage of a lustrous bronze, large on surface, underside reddish bronze; flowers rosy white, very full, should be in every collection. Price, 15 cents.

WETTSTEINI—New Red Coral Begonia. A grand new Begonia that will rival in popularity the well-known favorite "Rubra." The flowers resemble Rubra, and are just as freely produced, but the foliage is entirely distinct. The leaves are obovate of a deep green color, shaded with crimson. The young foliage is particularly beautiful. Flowers deep coral red, formed in pendant panicles. Price, 10 cents each.
**NEW REX BEGONIA, PERLE HUMEFELED—**This is a fine discolored type. The leaf is sharply pointed, and shows an exquisite combination of silver and of bright silvery-green and deep maroon for arrangement of colors.

**REX LESOUDS—**This is the finest and largest leaved of any of the Rex family. It is impossible to describe its wonderful beautiful markings of this magnificent Begonia. It is a cross between a Begonia Diadema and a Rex variety, but retains in a marked degree the Rex character. Consider this the finest of all the Rex family, both in size of leaf and rich coloring.

**REX BERtha McGRGor—**Leaf nine by six inches, long pointed and with deep notches. A free, strong grower, producing foliage in abundance. The center of the leaf is small, dark and palm-shaped, the body of leaf being solid silver, outlined with bronze. Extremely elegant.

**REX SIEBOLD—**Dark, reddish green center, very broad, light metallic band, this bordered again with a bright medium shade of green all surrounded by a dark, ruffled edge, beautifully mottled.

**REX QUEEN VICTORIA—**Bright silver green of crepe-like texture and reddish veins and fluted edge.

**REX MADAME MERSCH—**This is the easiest of all the Rex to grow, and soon makes handsome specimens with large, bronze-green foliage, beautifully mottled and marked. One you can grow and a beauty. Try it.

**REX ROI FERD MAJOR—**Extra large leaf of fine silver, small dark starry center and edge embroidered in the same dark shade. Extra fine.

**SPECIAL OFFER—**Any Three Rex Begonias for 50 cents. No Further Discount, excepting Countess Erdody.

**NEW REX BEGONIA, COUNTESS LOUISE ERDODY.**

A strikingly peculiar variety of the Rex type, the leaves having a metallic luster. Appears dark silver in the center, shading to coppery rose toward the margin, yellowish green veins on both sides, the spiral twisting of the leaves giving it a very curious appearance. Price, 25 cents each.

**Single Flowering Tuberous Begonias.**

For Pot Plants, are now classed among the handsomest Flowering Bulbs. The record of floriculture does not list a flower that has been so greatly increased in size, improved in form, and intensified in color as this. They bloom continually throughout the Spring and Summer. The flowers often exceeding six inches in diameter, and out rival in color the most brilliant and dazzling Geraniums. However, at the time the first blossom appears until all growth is stopped by frost they are never out of bloom, and are borne in such profusion that the rich green foliage is almost hidden under them, and the blossoms. For bedding plant outdoors, or for pot culture in the house, the Tuberous Rooted Begonia can not fail to give satisfaction, even to the most inexperienced, as they require but little more attention than that given to flowers in the following colors: Crimson, Scarlet, Rose, Yellow, Pink and White.

**TO COLOR, 15 CENTS EACH.**

**SPECIAL OFFER—**For $1.00 we will send you 12 Large Flowering Bulbs, assorted colors only; or, for Fifty Cents we will send you 5 Fine Bulbs, assorted colors only. No Further Discount.

**Double Flowering Tuberous Begonias.**

In Assorted Colors Only.

**PRICE, 20 CENTS EACH; THREE FOR 50 CENTS.**

ALBUQUERQUE, N. M., February 12 1896 - The C. A. Reeser Co. Gentlemen: The bulbs and plants arrived yesterday by express, all in nice condition and unusually fine. Thank you very much for the extra roses, which accord exactly with my taste, had they been my own selection. Very respectfully, Mrs. E. M.
DOUBLE COROLLA VARIETIES.

**AVALANCHE**—An early flowering variety with rich golden foliage and large double purple flowers. Price, 10 cents each.

**DUCHESS OF EDINBURGH**—One of the finest double whites. Corolla averages two inches across. Very pure white, sepals bright carmine.

**ELM CITY**—Sepals a rich crimson, corolla a deep purple; double very free flowering. Extra fine.

**JUPITER**—All lovers of this beautiful class of plants will be pleased to note the addition of another variety of Fuchsia that produces such wonderful large flowers as Phenomenal. Jupiter is a sport from that variety and is similar to it in every respect, except in the coloring of the corolla, which is a beautiful shade of light magenta, with dark crimson veins. Price, 15 cents each.

**MOLESWORTH**—Beautiful double white corolla, tube and sepals scarlet; fine for house culture.

**M. ALPHAND**—Very large recurving sepals of bright scarlet; very large corolla of soft reddish violet.

**MADAME BRUANT, New**—This is a novel and distinct new Fuchsia, entirely different in color from any other variety with which we are acquainted. The flower is very large and double. A fine large corolla with strongly recurved sepals. The corolla is a delicate heliotrope color, suffused with rose slightly marked and veined with carmine: sepals deep coral red. Plant a vigorous grower and of fine graceful habit. This is a decided new color in Fuchsias, which, combined with its fine, large flowers and splendid habit, will make it popular with all lovers of this beautiful class of plants. Price, 25 cents each.

**MRS. E. O. HILL**—This superb variety is undeniably the most perfect and beautiful white Fuchsia ever raised. The short tube and sepals are a bright, rich, reddish crimson color; corolla extra large, full and double; flower of the largest size; is of upright growth, not coarse but compact, and very symmetrical. It has every qualification to recommend it—size, freedom of bloom and constitution. Price, 15 cents each.

**PHENOMENAL**—The largest Fuchsia that we have ever seen. The tube and sepals are bright coral red, beautifully formed. The corolla, nearly 2½ inches across, of the very richest violet shade. Habit and bloom remarkably free.

**PURPLE PRINCE**—Tube and sepals a waxy carmine scarlet, corolla rich velvety purple.

**ROSAIN’S PATRIE**—Another fine double white variety. Very free bloomer and quite early; tube and sepals rosy carmine, corolla pure white.

**STRIPPED UNIQUE**—Purple corolla, striped with red, tube and sepals scarlet. Price, 15 cents each.

**STORM KING**—The flowers are of extraordinary large size and very double; corolla a beautiful blush white, veined with carmine; tube and sepals carmine red. Price, 10 cents each.

**WHITE PHENOMENAL, New**—Identical with its parent. Phenomenal, except that it is a grand, large, double white flower, instead of double purple like Phenomenal. The flowers average 4 inches across and are borne with the greatest profusion. In fact White Phenomenal may truly be called a perpetual bloomer, so freely does it produce its beautiful flowers. The tube and sepals are a bright carmine, corolla white, base of corolla heavily shaded and veined with carmine. Price, 25 cents each.

Single Corolla Flowering Varieties.

**ANNIE EARLE**—Carmine corolla; waxy white sepals.

**BLAND’S NEW STRIPED**—The tube and sepals a glowing crimson, corolla rich plum-colored purple, regularly and distinctly striped red rose. Price, 10 cents each.

**CONSTANCY**—Corolla single, rich carmine; sepals white; flowers large; a very beautiful variety. Price, 10 cents each.

**DR. TOPINARD**—Sepals large, cerise red; large, open, single corolla, pure white, marked rose.

**EARL OF BEACONSFIELD**—Deep orange corolla; extra large flowers. Price, 10 cents each.

**ERNEST RENAN**—Corolla carmine; sepals white.

Price, 8 Cts. Each, Except where noted.

ROYAL NEW COLEUS, NEWLY IMPORTED.

PRICE, 15 CENTS EACH, EXCEPT WHERE NOTED.

This new set are the handsomest ever introduced. They make magnificent pot plants.

MRS. F. SANDER—We have no hesitation in saying that this is the most beautiful and distinct Coleus yet raised; dashing in habit, it makes a perfect pot plant. This splendid variety differs from all other Coleus in having a wedge of creamy white in the center of the leaf, with a clearly defined margin of oxiaide green; bronze, crimson and purple. This central wedge-shaped creamy white blotched occupies the greater half of the leaf, and is sometimes splashed with magenta and porphyry. First-class certificate awarded.

SPECIAL OFFER—15 Fine Plants of MRS. F. SANDER for $1.00.

GOLDEN KING, 1897, (New)—A distinct and beautiful Coleus. Each leaf, when matured, is of a magnificent old gold color, quite distinct from any other member of the family. When young, the leaves are of bright, clear yellow, slightly tinged with emerald green; large, crenated, crisp and undulating beautifully at the margin. Price, 20 cents each.

FASCINATOR, 1897, (New)—A bold, vividly colored plant of good habit, each leaf a perfect picture; so vivid are the colors and so pleasingly are they arranged. The central part of each leaf is a wedge-shaped mass of glowing crimson, with dark blotches of dark purplish maroon. Price, 20 cents each.

EMPERESS OF INDIA—The leaves of this magnificent variety are of enormous size: creamy yellow at the base, suffused with emerald green, with a central band of deep purple, the ground of the leaf being a deep magenta-crimson intermixed with maroon, and growing deeper towards the margin until the edges are almost black.
ROYAL NEW COLEUS--CONTINUED.

PRINCESS OF WALES—A splendid variety. The ground color of the leaves is bright magenta, spreading flame-like over the leaf with crimson-chocolate markings intervening. The edges are very deeply toothed and margined with creamy yellow and bright green. At the base of each leaf there is a patch of creamy yellow with orange yellow, and a slight green mosaic markings.

PRINCE ALBERT EDWARD—Monstrous leaves, of a beautiful pale chrome color splashed with emerald green at the base, bright crimson lake being the predominating color. Leaves are exquisitely serrated.

GREEN & WHITE, 1897, (New)—This Coleus is an elegant bedder, as well as a fine pot plant, rivaling the finest Crotons. The leaves are of medium size, with creamy white center, and edged for a half inch with bright emerald green. Price, 20 cents each.

SPECIAL OFFER—The above set of Seven Royal New Coleus, the handsomest you ever saw, for only 75 cents, by mail prepaid. No Further Discount.

NEW SUNSET LARGE LEAVED COLEUS.
PRICE, 5 CENTS EACH.
20 distinct varieties by mail for $1.00, By express, at your expense, we will send 30 choice plants for $1.00: These are good bedders, standing the hot sun without losing their colors. No Further Discounts on these offers.

The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and particolored designs we may choose to display upon our lawns and parterres. Plants should be set about a foot apart, so that when the size of the bed is ascertained, it is easy to figure how many plants are needed for each kind in a row.

The Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and particolored designs we may choose to display upon our lawns and parterres. Plants should be set about a foot apart, so that when the size of the bed is ascertained, it is easy to figure how many plants are needed for each kind in a row. We have a collection of fifty kinds of the most distinct sorts out. Leave the selection of varieties to us, as it is hard to describe the various tints.

AUTUMN GLOW—Has all the beautiful tints of autumn leaves.

BRONZE QUEEN—A deep bronze, with a fine yellow edge.

BLACK BIRD—Very dark, with reddish cast.

BUTTERFLY—A crimson bronze, old gold and green.

BIZZARRE—Crimson, edged with green and gold.

BEAUTY—A crimson bronze, with green edge.

CHICAGO BEDDER—Green and gold. An excellent bedder.

DORA CLAPP—Crimson center, with bronze and green edge.

EMPERESS OF INDIA—Crimson, with a golden edge.

FIRE BRAND—A fine bedder. Dark crimson, shaded green.

FIRE CREST—This is, without exception, the most brilliant colored Coleus as yet introduced; in fact, we know of no plant surpassing it in brilliancy of coloring. The major portion of the foliage is a bright carmine-crimson shade, the edge is slightly marked with golden yellow, which heightens the coloring, the center of the leaves being blotted with deep bronze, the leaves are deeply toothed, and have that graceful wavy appearance so desirable. Price, if ordered alone, 10 cents.

GOLDEN BEDDER—Deep golden yellow.

Remember, the above twenty choice Coleus for only $1.00. You have never seen anything so grand in the Coleus line. Try them, and see what a beautiful bed you can have, and with but little care.

LANTANAS, OR SHRUBBY VERBENAS.
The brilliant colors, robust growth, and profuse blooming habits of the Lantana render it one of the finest bedding plants. The flowers embrace all of the most delicate shades of orange, sulphur, creamy-white, etc. 10 cents each.

COMTESSE de BIERHOURT—Flowers bright rose and yellow, dwarf and bushy.

FRANCINE—Quite dwarf; flowers large; rosy lilac.

GRAND SULTAN—Deep orange crimson with yellow center, excellent.

HARKETT'S PERFECTION—Golden, variegated foliage; color, yellow and pink.

JACQUES MINOT—Yellow, changing to bright orange red.

GOLDEN VERSCHAFELTI—Ranks first in yellow varieties.

HERO—A deep jet black.

HIAWATHA—Bronze and yellow, spotted.

PROGRESS—A beautifully mottled red, green, bronze.

RETTA KIRKPATRICK—Bright green, large, deep yellow center.

SETTING SUN—Crimson, with brightest golden edge. VERSCHAFELTI—A rich velvety crimson. Best bedder. YEDDO—This we place next to Fire Crest as being the best Coleus. The color is a deep golden yellow, splotched with bright green. A splendid bedder, and always bright. Price, if ordered alone, 10 cents each; or Fire Crest and Yeddo, the two for 15 cents.

JAVOII—Purest white; very large flowers.

JAUNE d'OR—Bright golden yellow, with bronze edges; a very choice variety.

LA PLEU d'OR—Pure yellow flowers, dwarf and bushy: a profuse bloomer.

MICHAEL SCHMIDT—Fresh and sparkling flowers, brilliant yellow passing to a purplish vermillion.

RIGOLETTO—Pale pink, shading to rose.

SNOW BALL—Large pure white flowers; very fine.

SERAPHINE—Dwarf: red with yellow center.

SPECIAL OFFER—For 50 cents we will send 8 Lantanias, fine plants of our selection only, or the entire set of 12 for 75 cents, postage paid, NO FURTHER DISCOUNT.
NEW PURE GOLD DWARF CANNA, SUNBEAM.—(See cut, right hand corner.) This new Cana is by far the best variety producing yellow flowers, and one of the most valuable that has appeared. It is the largest in flower and foliage, the stem is in form and the color in size, the cleanest and most brilliant in color, will supecede all other yellow varieties. Owing to its immense size, splendid finish and great substance of its individual flowers, its enormous solid flower heads, the clear, bright intense golden color of its flowers, superb habit, fine foliage and blooming as it does in such lavish profusion indoors and out, it is bound to become the most popular Canna ever introduced. The flowers are a brilliant yellow, succeeded by the foliage, showing a beautiful bouquet of large flowers of perfect form, and a mantle of a velvety grenade blood red, broadly banded with bright canary-yellow. Price, 25 cents each.

NEW PURE CRIMSON CANNA, FLAMINGO.—(See cut, lower left-hand corner.) This is the most sensational Canna ever produced. The plant is a solid crimson without spot orblemish: whether grown indoors or out, it is constantly surmounted by a crowning glory of perfect blooms, whose sparking brilliancy is as bright as the shining plumage of the flamingo bird. The foliage is a luxuriant deep green and tropical-like; makes the most effective decorative plant imaginable, commencing to bloom when only 8 to 10 inches high and continues the grace, grandeur and finish of the most exquisite orchids. 25 cts. each.

SPECIAL OFFER—For 50 cts. we will send you the three Grand Gift Edged Cannas, FLAMINGO, SUNBEAM and QUEEN CHARLOTTE. This is the most extraordinary offer ever made. No Further Discount.

"Cream Collection" of Eight Valuable Cannas.

RECENTLY INTRODUCED.

PRICE, 15 CENTS EACH.

FLORENCE VAUGHAN—The habit of the plant is superb, and the flowers of the most perfect form are borne in erect and spikes; the petals are broad, yellow, dotted with brightest scarlet. The habit of the plant is vigorous, and splendid spikes of flowers are produced in constant succession.

MISS SARAH HILL—A beautiful lake overlaid with carmine, and one of the very best in our list. The habit of the plant is splendid, the flowers are produced in immense clusters of about four feet, and surmounted by symmetrical heads of flowers. In our grounds it was a continuous mass of bloom from the opening of the season until frost.

MADAME CROZY—A wealth of tropical and luxuriant foliage, with flaming patches of crimson in handsome heads at the end of every shoot. The petals are wide and broadly rounded; color, deepest vermilion, bordered with gold.

PAUL MARQUANT—One of the most distinct and beautiful varieties. The individual flowers are very large and the spikes enormous, each flower standing out separately by itself. It is difficult to describe the color, which might be called a bright salmon with carmine tint, but there is a slivery lustre which glister and glows in different lights, making the brilliant colors of this plant appear the most magnificent possing the fashionable apricot shade now so popular.

TWO GRAND NEW ORCHID FLOWERING CANNAS.

Marvelously Beautiful. NO DESCRIPTION. no matter how well written, can begin to do them justice.

AUSTRIA and ITALIA—Being an entirely new race of Cannas altogether distinct from anything introduced heretofore, they have been very appropriately called "Orchid-flowering Cannas." Both varieties have flowers of immense size, frequently measuring six inches across; the colors are distinct and pleasing and the flowers are produced in the greatest profusion. They have been described by the introducers as growing 6 to 8 feet high, but in our grounds this Summer, under liberal cultivation, they have grown but one-half of that height, but are most vigorous and free in habit and flower. Last year they were offered to the trade for $1.00 each. We now offer them for 75 cents each.

AUSTRIA—Is a counterpart of Italia in every way, except in the color of its flowers, which are of pure canary yellow, with but a few traces of small reddish brown spots in the center of the two inside petals.

ITALIA—Is of a bright orange scarlet with a very broad golden yellow border: the flowers, which are produced on massive stems about 10 inches long, are set well above the foliage, which is large and heavy, similar to Musa Ensete.
**HIBISCUS.**

Large-growing tropical shrubs, with fine glossy foliage. The plants under the hottest sun produce enormous flowers in great numbers, and make noble specimens. They can be grown in pots and kept for years. The blooms average five or six inches in diameter, and are gorgeously colored. When bedded out in the lawn the effect is simply grand and gorgeous, commanding the attention and admiration of all. The plant can be wintered over in a warm, dry cellar or pit.

**PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.**

AURIANTICA—Large, double, orange-colored flowers.

COOPERII TRICOLOR—Foliage beautifully variegated with dark green, pink and white; flowers crimson. This beautiful tricolored plant is one of rare magnificence, and is unequalled by any other plant in brilliancy of foliage. Strong plants, 15 cents each.

CARMINATUS PERFECTUS—Full round flower of perfect shape and of a rich, soft crimson rose, with a deep crimson eye. A beautiful variety.

COLLERI—A remarkable, new, distinct variety, introduced from the South Sea Islands. Flowers buff yellow, with a crimson scarlet base, and peculiarly handsome. Double.

DECORUS—Foliage very large and lobed: flowers enormous, on long stems, of a rosy-carmine color; stamens and pistils very showy.

GEN. de COURTIS—A very grand, large-sized flower; single; light scarlet; very showy.

GRANDIFLORUS—Rich glossy green foliage, blooming conspicuously, literally covering the plant with crimson scarlet single flowers.

MINIATUS—Semi-double flowers of a bright vermilion scarlet; petals waved and recurved: the flowers noticeable for the absence of formality, but are very handsome.

MAGNIFICUS—A very large flower, and of perfect form. Color a deep magenta, ends of petals touched with brown, foliage finely touched.

SUB-VIOLEACEUS—Flowers of enormous size, of a beautiful carmine, tinted with violet; probably the largest flower of the Hibiscus family, and an unusually free bloomer.

VERSICOLOR—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson buff, rose and white. Double.

ZEBRINUS—Double, outer petals scarlet, edged with yellow, inner petals very regular; curiously variegated with creamy yellow scarlet.

*Of Hibiscus, our own selection only. Or for $1.00 we will send the entire set of 15 splendid varieties. NO FURTHER DISCOUNT.*

**FRAGRANT HELIOTROPE.**

**PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.**

ALBERT DELAUX—(Purple and Gold.) A French variety of great beauty. Foliage is a bright golden yellow, very pronounced and marked slightly with a delicate green. In bloom it is exquisitely beautiful, the deep lavender color of the flower contrasting admirably with the ever varying foliage; very free flowering, trusses large. Price, 15 cents each.

JULIETTE—Very dark purple. A grand bedding variety.

QUEEN of VIOLET—Its color is the deepest violet-purple, with large white eye, and very fragrant. The plant is of vigorous habit, very floriferous. Price, 10 cents each.

SNOW WREATH—Superb, large clusters of deliciously fragrant flowers of pure white.

WHITE LADY—One of the very finest of the whites.

**Heliotropes—Grand New Novelties.**

COMTESSE de MOUMART—Very free flowering and exceedingly sweet, dark velvety blue, with white eye; splendid for masses. Price, 10 cents each.

MME. AD. DUBOUCHE—Trusses enormous, soft and mossy looking; color, velvety-violet. One of the most beautiful Heliotropes ever introduced. Odor exquisite. Price, 10 cents each.

MIREILLE—The floret is immense, very delicate pearl shade edged with palest heliotrope. An improvement on White Lady, though not nearly so white. Price, 10 cents each.

MME. A. CARRIERE—An elegant novelty, and it has a very large white eye, contrasting with the bright blue: petals very large. Semi-dwarf, extremely free. Price, 15 cents each.

PICCIOLA—Rosy violet with white center. A grand giant variety, also very free blooming and of beautiful habit. Price 15 cents each.

* SPECIAL OFFER—For 50 cents we will send you the above set of 5 grand new Heliotrope NO FURTHER DISCOUNT.**
NEW ABUTILONS.

PERPETUAL FLOWERING MAPLES or CHINESE BELL FLOWERS.

The Abutilon is a plant of easy culture. It is beautiful both in leaf and flower and very profuse in bloom. Today they stand in the highest estimation as a decorative plant as well as for their elegant and graceful pendant blooms. When bedded out during the Summer they produce magnificent effects.

Price, 8 Cents Each, Except Where Noted.

BRONZE BELLS—A bright bronze red, unique color. Price, 10 cents each.

BLUE BELLS—A beautiful new color, pourpre red, overlaid with a tinge of blue; flowers large and fine. Price, 15 cents each.

ECLIPSE—An excellent plant for basket or vases, of trailing habit, with large foliage beautifully marked with deep green and yellow. Flowers bright yellow with crimson throat.

FLEUR NEIGE—A grand improvement on the old white, the flower being very much larger and the stem longer; a very useful and beautiful white flower; a free grower. Price, 15 cents each.

GOLDEN BELLS—A bright golden yellow Abutilon of strong bushy habit and very free flowering. The plants are asymmetrical in growth, covered with bloom the entire season. Price, 10 cents each.

INDIAN CHIEF—A dark blood-red variety of great beauty. Price, 10 cents each.

INFANTA EULALIE (New.)—An excellent variety for pot culture, the growth is short-jointed and compact, making a neat and bushy plant. Flowers very large and much more cup-shaped than most of the Abutilons; color delicate satiny pink. A remarkably free bloomer both in Summer and Winter. Price, 15 cents each.

SOUVENIR DE BONNE.

MRS. JNO. LAING—Immense flowers of soft, rosy pink, of beautiful expanded form; habit good, and free in growth and bloom. Flowers nice for cutting as the stems are long. Price, 15 cts. each.

PINK PERFECTION—Flowers deep pink.

ROBERT GEORGE—A free and continuous bloomer. Flowers broad, their large overlapping petals incurved; color orange, veined with crimson.

SOUVENIR de BONNE (New.)—A very distinct and striking new plant with large, bright green leaves, distinctly edged with a pure white band as shown in illustration. The plant is of strong, robust growth, and forms fine specimens in a very short time. The long stemmed flowers are bright orange veined with crimson and stand out well beyond the foliage producing a very pleasing effect. An excellent plant for large vases and porch boxes, contrasting finely with green leaved decorative plants. Price, 10 cents each.

SPLENDENS—Dwarf compact habit; flowers deep red.

SNOW STORM—Beautiful pure white flowers, growth dwarf.

THOMPSONI PLENA—A variety with perfect double flowers; color rich deep orange, shaded and streaked with crimson.

ACHANIA MALVAVISCUS—From the time it is 3 or 4 inches high the Achania blooms, maturing little what the season, but its best showing is usually in the Winter. Certainly nothing could be more accommodating as to habit, for the plant is always healthy, grows to a great size in time, and blooms very freely when other flowers are scarce. The brilliant scarlet flowers are upright, peculiarly formed, and carried on the extreme end of the branches. Price, 10 cents each.

NEW CALLAS.

CALLA LITTLE GEM—This little pigmy rarely exceeds twelve inches in height and blooms most abundantly. The flowers are not more than half the size of the common variety, and therefore can be used with telling effect in bouquets. It is in every way superior as a house plant to the larger growing variety. Price, 20 cents each; extra large bulbs, 50 cents each.

CALLA, WHITE OR LILY OF THE NILE—This old favorite is too well known to require any description. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly and require less room—making less foliage. Price, extra large, dormant roots, 25 cents each; first size, 15 cents each; one-year-old plants, 8 cents each.

CALLA, SPOTTED LEAF—(Richardia Alba Maculata.) This plant is always ornamental, even when not in flower, the dark-green leaves being beautifully spotted with white. In other respects the plant is the same as the old favorite White Calla, excepting being of smaller habit. Price, 16 cents each.

BLACK CALLA, ARUM SANCTUM—(Solomon's Lily or the Black Calla of Palestine.) This magnificent flower, often measures one foot in length and five to eight inches in width. Beautifully shaped and turned, sweet-scented. The color is of the richest velvety purple black, while the outside is of pleasing green. Our fine bulbs are sure to bloom if planted in rich soil two inches below the surface. Require the same culture as the old well known Calla. Price, 25 cents each.

C. A. REESEER CO.—Dear Sir: I received the Bulbs ordered from you in fine condition. They were certainly the finest I ever saw. Please accept my thanks for the extras sent. Never received so many and such fine ones before from any Florist.

Yours truly,
C. A. Reeser Co.

M. V. V.
THE GRANDEST NOVELTY OF THE YEAR.

NEW FRENCH HYDRANGEA.

Monstrosa Grandiflora.

This new plant cost the importer last year $5.00 each and is now offered for the first time. It is one of the most valuable plants we have ever grown and we take great pleasure in endorsing it as the grandest and most beautiful of this year's novelties. The great clusters of bloom are simply enormous and of a beautiful and the most intense rose color, shaded with white. Growth robust and compact with a marvelous freedom in production of bloom. Our illustration is taken from a three-inch pot plant, with clusters of bloom averaging twelve to fifteen inches in diameter. Think of it, and be sure and include this grand plant in your order. We have grown a large stock and offer it at the low price of

—— 25 CENTS EACH. ——

HYDRANGEAS.

Of the many varieties of plants that we grow, there is none that is of easier culture, or that will stand more neglect, and is at the same time more attractive than the Hydrangea. Can you name anything prettier than a well grown specimen in a tub on the front porch? If you wish to possess one the most showy and attractive things in the way of flowering plants in your neighborhood, plant a tub with three or four plants in it, set it on your front porch, and our word for it, your neighbors will all wish for a tub of Hydrangeas when they see yours in bloom.

HORTENSIA—A well known and favorite old plant, producing large heads of pink flowers in great profusion. Price, 10 cents each.

OTAKSA—A splendid variety from Japan. Flowers large, bright pink, tinted with blue; produced very freely. Price, 10 cents each.

PANICULATA GRANDIFLORA—(See hardy shrubs.)

RAMIS PICTIS—(Red Branched). A grand variety, producing immense sized flowers and trusses. Color very deep rose or light cherry. The new growth of wood is a deep reddish purple color, making it distinct from any other variety. Price, 16 cents each.

SAPPHIRE—(The Blue Hydrangea). A strong stocky grower, throws out numerous trusses of bloom of a beautiful porcelain blue color. Price, 15 cents each.

THOMAS HOGG—The immense trusses of flowers are first slightly tinged with green, becoming of the purest white and remaining so a long time. Price, 10 cents each.

PASSIFLORA-PASSION FLOWER.

Climbing plants for greenhouse, window or garden. The name was applied from the resemblance afforded by parts of the instruments of our Lord's Passion and its attendant circumstances; the three nails, two for the hands and one for the feet, are represented by the stamens; fine anthers indicate wounds or rays of light; ovate or round thorns, are represented by the rays of the "corona," the 10 parts of the perianth represent the Apostles, 2 of them absent, etc., etc.

NEW HARDY PASSION FLOWER, CONSTANCE ELLIOTT This beautiful variety has flowers large and pure white. Fine in cemeteries. 10 cts.

PFORDT—This we considered the best of all tender varieties for outdoor planting. Beautiful flowers, borne freely even on small plants. Rich shade of blue suffused with rose. 10 cts.

PASSIFLORA VARIEGATA — A pretty variegated variety having large foliage which is mottled with bright golden spots and light colored, almost white flowers. 10 cents each.
GLOXINIAS.

This gorgeous exotic is as easily grown and cared for as many of the common flowers. They will bloom in three months from time seed is sowed. They will bloom in six weeks from time dry bulb is planted. The flowers will last in water, when cut, over two weeks in perfect condition. They are the most magnificent table decoration we have in Summer. Keep the bulbs in pots in the house, or on the veranda, in boxes or little frames on the outside and you can cut flowers all Summer.

Their green leaves are surmounted with a cluster of lovely trumpet-shaped flowers. The coloring is exquisite; the ground work of many is pure white, with throats of blue, scarlet, rose, or crimson; or the tubes are of bright color with white throat. The bulbs should be started in a warm place - greenhouse, hotbed, or sunny window. They will bloom till late in Summer, when they should be dried off, letting the leaves die; the pots can be kept over Winter in a cellar from frost.

FRENCH TIGERED and SPOTTED, and CRASSIFOLIA GRANDIFLORIA ERECTA.
In splendid mixture embracing all the best types and colors.
Price for Good Strong Bulbs, in mixed colors, 15 cents each.

SPECIAL OFFER—For $1 we will send 12 assorted, fine large bulbs, or 5 fine bulbs for 50c. No Further Discount.

... HIGH CLASS, ORNAMENTAL PLANTS...

SANSEVERIA ZEALANICA—A beautiful plant specially adapted for the decoration of drawing rooms and halls, as it stands drought and dust with impunity, and requires scarcely any water. The leaves, as shown in cut, are beautifully striped crosswise, with broad, white variegations on a dark green ground. It is a rare and beautiful plant, which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. It can be placed in any position in any room, and do well. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both in Winter and summer. For vases and baskets it is a fine center piece, and grows splendidly out of doors during Summer. Fine plants, 10 and 25 cents each.

NEW DWARF ALLAMANDA.

ALLAMANDA WILLIAMSII—This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole Summer, and with proper management, in the Winter also. The flowers are from three and one-half to four and one-half inches in diameter, of a very rich yet delicate tint of yellow, and are deliciously scented. Good young plants, 25 cents each.

FARFUGIUM (LIGULARIA) GRANDE—A very ornamental plant, with broad, shiny, dark green foliage, which is irregularly blotched with bright yellow and occasionally with white and rose. As a border plant it has few equals. It is not entirely hardy in the Northern States, and so should be taken in the house in Winter. Price, 25 cents each.

CYPERUS, OR UMBRELLA PLANT. This plant grows finely in shallow water with rich soil or mud, soon throwing up long stalks which are surmounted with narrow dark green leaves arranged in such a manner as to suggest the name of Umbrella Plant. It will also flourish and make a fine clump in the garden with the same culture as Cannas and Dahlias. Price, 10 cents.
Otaheite Orange.

This valuable and distinct variety of the Orange family is a dwarf, compact grower, with glossy, deep-green foliage, which has a decided odor of the orange trees of Florida, and is exceedingly floriferous, producing a wonderful profusion of pure white flowers of the most delicious fragrance, identical with the much-sought-for blooms of Southern orange groves. Otaheite fruits immediately after flowering, bearing fruit about one-half the size of the ordinary orange, retaining in a marked degree their sweetness. This unique Orange cannot be equaled as a Winter-blooming pot plant for house culture, and is of the easiest culture. Requires but little sunlight, and flowers and fruits when but 12 to 15 inches high. As a pot plant this lovely dwarf Orange is one of the most novel and beautiful that can be grown. With a couple of plants of it you can have an abundance of the far-famed delicate and fragrant Orange blossoms. We have grown a large stock of clean, vigorous plants that will bloom and fruit at once of this beautiful Orange, and we commend it to our friends as a novelty of sterling worth and merit. 10c. each; large, strong plants, to bloom and bear profusely at once, 25 to 40 cents each.

What One of Our Customers Says of It

I purchased from you a plant of the Otaheite Orange. I now have the pleasure of writing you about my success with it. On its arrival I planted it in rich soil in a common tomato can. It commenced to grow at once, and was soon covered with its beautiful, fragrant blossoms, which were followed by six nice oranges. The bush then was only one foot in height. I kept it growing by repotting into larger cans and boxes until it has grown to be a nice-shaped, bushy little tree 3 feet high, and I counted on it Christmas day 187 oranges, in all stages of development, &c. of them being a rich, golden yellow. It is needless to say I am delighted with it, as aside from the fruit, I am delighted with it, as aside from the flowers. Being a native of that fruit, and my friends have had orange blossoms the year round, as it is almost constantly in bloom. It is very easy to grow and manage, and I cannot imagine a more lovely plant.

Strobilanthus Dyerianus, Royal Purple—New house and bedding plant sent out at 25c. each. Awarded Gold Medal offered by King of Belgium at Ghent Exhibition. Forms compact bush 18 inches high, leaves 6 to 9 inches long, 3 to 4 inches wide, most intense metallic purple, shading into light rose with light green margin; combination unapproachable. Mr. Pieter, White House, Washington, put it in the open border; it grew and colored up beyond all expectation in a very exposed position. Created a great sensation wherever exhibited; great bedder; one of the most brilliant decorative plants in existence. Price, 10c. each.

Special Offer—For $1 we will send 15 fine plants; will make most beautiful bed or border you ever saw. No Further Discount.

Fancy-Leaved Caladiums

Fancy-leaved Caladiums have splendid large leaves, beautifully spotted, margined and variegated with white, pink, scarlet and other bright colors. They are best suited for pot culture in house, conservatory or shaded situation. Price, for fine, dry bulbs, 25 cents each; three for 60 cents. No Further Discount.
AUSTRALIAN SILK OAK, Grevillea Robusta—A splendid Fern-leaved, evergreen plant (not a true Oak) which should be grown by everybody, as it makes a magnificent pot plant for all sorts of decorative purposes. The cut gives but a faint idea of its beauty, for it possesses a peculiar airy gracefulness and satiny sheen and texture which it is impossible for the engraver to successfully reproduce. In conjunction with Palms and Ferns, or in an ordinary collection of house plants, it is at once striking and graceful. The dust, heat and gas of living rooms has no visible effect on it, and it will thrive where a Geranium will exist. No collection of plants is complete without it, and no one would be without it if its great beauty and many points of excellence were universally known. It is as decorative as a Palm, cheap as a Geranium, and makes a fine specimen in one season. In the open ground in Florida it makes a superb lawn or street tree, growing with wonderful rapidity and to a great size, producing a profusion of golden yellow flowers which are exceedingly rich in honey, and attract bees during several months of the year. It should be extensively planted as a street tree throughout Florida and the South. (See cut.) Price of fine pot grown plants, 15 cents each.

INDIA RUBBER TREE, Ficus Elastica—Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed as one of the finest house plants grown, the plant attaining a large size and tree-shape. Each new leaf is enclosed in a long coral-red envelope, looking like a great, red flower bud. A very fine plant for the lawn, bay window or house decoration. Generally withstands careless treatment and thrives under any condition in dark or light rooms. Our plants are the finest ever offered for double the money. Now is your chance to secure a fine specimen of this grand plant. Price, fine strong plants, 60 cents each; large plants, $1.00. (See cut on next page.)

STEPHANOTIS FLORIBUNDA—One of the rarest and most charming climbing house plants, growing rapidly, with long, glossy, deep green foliage producing clusters of pure white deliciously fragrant flowers. Price, 25 cents each.

DRACÉNA TERMINALIS, or Dragon Plant—A splendid plant for house and window decoration, with bright tropical looking foliage of rich crimson color, beautifully marked and variegated with white, pink and cream. Price, 25 cents each.

DRACÉNA INDIVISA, or Club Palm—(The Fountain Plant.) This plant is unsurpassed for hardiness in the house and eminently fitted to contrast with palms and other decorative plants. Extra fine for vases and window boxes. Price, 15 cents each and 30 cents each.

PANDANUS UTILIS—Its vigorous constitution enables it to stand more neglect, without serious injury, than almost any other plant we know of. As an ornament for the window its glossy, dark green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it is unsurpassed. Nice young plants, 25 cents each.
SILVER STRIPED PEPEROMIA—Window plants will ever be popular. So thick and waxy like are the leaves of this parlor gem that nearly every one takes it to be an artificial plant. The leaves are distinctly variegated, white and green, and have the appearance of being powdered with frosted silver. Few plants could be more useful for table decoration, and none will stand ill-usage so readily. Its small spikes of Mignonette-like flowers are quite interesting. Price, 10 cents each.

NEW PEPEROMIA, METALLICA—We never saw a more beautiful house plant. Its leaves are thick, waxy-like, and appear as if covered with bronze, so shiny and velvety. It is a gem indeed, that must be extensively advertised and is sure to delight everyone. Price, 10 cents each.

ASPARAGUS PLUMOSUS NANUS—One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken web. Lasting and retaining their freshness for weeks. We consider it the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. Price, 25 cents each.

EPHYLLUM MAKOYANA—(New)—This grand member of the Cactus family should be in every plant collection. Of easiest culture, requiring a poor sandy soil and but little moisture. The plant has a beautiful habit, soon attains a large size, and literally bends under its weight of scarlet bloom, which continues for weeks. 35c.

MUSA ENSETE, The Abyssinian Banana—The dwarf fruit of this variety is not edible, but the leaves are magnificent, long, broad and massive, of a beautiful green, with a broad, crimson midrib; the plant grows luxuriantly from 8 to 12 feet high. During the hot Summer when planted out it grows rapidly and attains gigantic proportions, producing a tropical effect on the lawn, terrace, or flower garden. Small plants, 50 cts., larger plants, $1.00.
**VALUABLE PALMS.**

Indispensable for all decorations, whether in or out-doors, and for tropical bedding, they are easily grown and increase their value two to four fold every year. Please notice that all palms have, when young, leaves of a long, narrow shape, developing as they grow older. Therefore, do not think that a wrong sort has been sent you.

**PALM, ARECA LUTESCENS.**
This majestic Palm is without a peer for strength and elegance combined. Its dark glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The trunks and branches are a golden yellow, irregularly spotted with bronze green, giving it a peculiar charm. (See cut.) Small plants, 25 cents; large plants, 50 cents; extra large stocky plants, $1.50.

**COCOS WEDDELLIANA.**—This is undoubtedly the most graceful Palm yet introduced to our collection. The stems are slender; the leaves long and beautifully arched; the leaflets or plumes are very fine, deep green above, white below. Good young plants, 60 cents.

**KENTIA BELMOREANA.**—The Kentias are among the best of the Palm species for general cultivation, being almost impregnable against diseases. The variety shown in the engraving is one of the best in its class, gracefully disposed; as a decorative plant for the window, dinner table or conservatory it scarcely has an equal. Nice young plants, 40 cents; extra good plants, 75 cents; extra strong and stalky plants, $2.00 each.

**BELMOREANA.**

**EXCELSA.**—A handsome fan-leaf Palm, of rapid, easy culture. Very valuable and useful for out-doors or in the greenhouse during the Summer. Price, 25 cents and 75 cents each.

**WASHINGTONIA FILIFERA.**—A beautiful Palm; it has elegant dark green fan-shaped leaves, from which hang thread-like filaments. Price, 15 cents each.

**OUR STOCK OF PALMS IS UNUSUALLY FINE.**

**KENTIA BELMOREANA.**

**PHENIX RECLINATA.**—Beautiful reclinate foliage. A graceful and exceeding ornamental Palm. Nice plants, 50 cents.

**CORYPHA AUSTRALIS.**—One of the most valuable greenhouse Palms; leaves very circular, margin divided into small segments, dark green; of easy culture. Small plants, 25 cents; larger size, 50 cents each.

**SEAFORTNIA ELEGANS.**—A most useful conservatory or lawn plant. Leaves from two to ten feet long. Largely grown on account of its hardy constitution and useful and graceful character. They soon develop into noble specimens. Nice young plants, 20 cents each; large plants, 40 cents each.

**OREDOXIA REGIA, Royal Palm.**—This favorite Palm is beautiful in all stages of growth. No plant is more easily grown, and none more tenacious of life, enduring the dust, the cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Its large fan-shaped, graceful green color, plant of hardy constitution, and adapted to all decorative purposes, within or without, makes it a favorite. Price, 25 cents each.

**AZALEAS** are the most gorgeously-blooming, together with the showiest of all greenhouse plants. The colors vary from the purest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Their success depends on the degree of moisture in the atmosphere in which they live. We have the best flowering sorts that will flower finely this coming Winter, both double and single flowered, in any color desired. Price, 60 cents each; fine large plants, three years old, 75 cents.
Ferns—Noted for Their Beautiful Foliage.

**Price, 15 cents each, except where noted.**

**Adiantum Cuneatum**—The popular Maiden Hair Fern, very beautiful and graceful.

**Davallia Stricta**—One of the finest ferns in cultivation, whether for growing as a decorative plant in the room or planting out. The fronds are of a strong texture and of a beautiful shade of green.

**Lastrea Aristata Variegata**—This most beautiful variety has a broad band of yellowish green running through the pinnales along the course of the radius; very ornamental. Price, 25 cents.

**Lomaria Gibba**—A dwarf variety of the Tree Fern, very pretty and rare. Price, 25 cents.

**Nephrrolepsis Phillipense** or Miniature Sword Fern—A very pretty narrow-leaved variety, with dark green foliage, magnificent to fill in a wire hanging basket. Price, 25 cents.

**Pteris Argyrea**—(Silver Fern.)—A very showy, strong-growing Fern, with variegated foliage, fronds large, light green with a broad band of silvery white down the center of each, very distinct.

**Pteris Tremula or Shaking Fern**—One of the finest Ferns for house decoration, growing very rapidly and throwing up large, handsome fronds. It makes magnificent specimens. Easily grown and very popular.

**Pteris Palmata**—Broad palm-shaped fronds; a very distinct and handsome species.

**Pteris Serrulata**—A valuable species for cutting. It is of quick growth; fronds are indispensable for cut-flower work.

**Sword Fern**—(Nephrolepis Excitata). In well-grown specimens the fronds attain a length of six or seven feet, but only one to three inches wide, and like plumes, arching over in every direction in a most graceful manner. This beautiful Fern is excellent for outside planting in shady borders. It is a very fine plant for hanging pots or baskets on the piazza in summer, and Conservatory or window in Winter. Large plants, 35 cents each.

**SPECIAL LOW OFFER**—For $1.25 we will send you the above set of ten Fine Ferns. No Further Discount.

Sweet-Scented Jasmine.

**Maib of Orleans**—This beautiful plant can be raised as a shrub and makes a very handsome and valuable plant. It is a favorite in greenhouses and a useful plant for bordering. Price, 15 cents each.

**Grand Duke of Tuscany**—Very easily grown, even small plants bearing a profusion of very double, cream-white flowers, having a delicious perfume; a magnificent plant, and one of the most valuable and popular pot plants. It can be stored in a dry cellar in Winter. Strong plants, 25 & 50c.

**Graf Illium**—Exceedingly floriferous, flowering from every joint, which terminates in a dense cluster of pure white, fragrant flowers. Price, 15 cents each.

**Confederate Jasmine, Rynchospermum Jasminoides**—Elegant hard-wooded climber or can be trained in bush form. It bears large bunches of pure white flowers, with the most delicious perfume. It is known in the South where it is hardy, as the Confederate Jasmine. Price, 25 cents each.

**Primula Obonica**—Constant bloomer. A charming plant for Winter or Summer. None better adapted to home culture. Not susceptible to changes of temperature that most plants are subject to. Bears delicate sprays of bloom of a delicate pink and white in the greatest profusion. Certainly elegant. Price, 10 cents each. (See cut.)

**Primula Obonica**—Constant bloomer. A charming plant for Winter or Summer. None better adapted to home culture. Not susceptible to changes of temperature that most plants are subject to. Bears delicate sprays of bloom of a delicate pink and white in the greatest profusion. Certainly elegant. Price, 10 cents each. (See cut.)

**Poetica**—Similar to Jasmine Grand, flowers smaller, but on longer spikes. 10 cts.

**Grandiflorum**—(Catalonian Jasmine). From Italy. The flowers are pure white, star-shaped, of exquisite fragrance. Price, 10 cents each. (See cut.)

**SPECIAL OFFER**—The 8 Jasmipes, $1.00. No Discount.

*INNISFALLEN GREENHOUSES, URBANA, OHIO.*
PLUMBAGO, CAPENSIS FLORE ALBA—This is a splendid novelty. The exact counterpart of Plumbago Capensis, except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants. Price, 15 cents each.

PLUMBAGO, CAPENSIS, BLUE—This produces large heads of light blue flowers. Has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant borderer. Price, 10 cents each.

PLUMBAGO, LADY LARPENT—Unquestionably the most distinct and hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of 12 to 18 inches, in compact clumps, and from the middle of July until severe frost are covered with lovely rich violet-blue colored flowers borne in close terminal heads. (We had thousands in bloom on our grounds the past season as late as October 3rd.) The foliage is finely serrated and fringing the stems. We heartily recommend this fine variety for edging walks, bed or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. Price, 15 cents each.

NEW PINK PLUMBAGO, SANGUINEA—In this new variety we have something that is entirely distinct and the prettiest of all Plumbagoes. The trusses of bloom are larger than in the older varieties, often measuring 10 inches in length, and of the loveliest bright pink or deep rose. Price, 25 cents each.

BEAUTIFUL WATER OR POND LILIES.

NYMPHEA ODORATA MAXIMA—A superb new variety quite distinct from and very much superior to the familiar pond variety. Its flowers are large, massive and cup-shaped; the broad petals, of purest snowy white, so numerous that the flower is apparently double; the sepals vivid green, without the slightest tinge of red. It is a vigorous, free-flowering variety, and unquestionably the best white hardy Nymphaea of the Odorata type. Price, 50 cents each.

NELUMBIUM SPECIOSUM, Egyptian Lotus—The well-known and far-famed species. Its superb flowers and magnificent foliage produce a splendid sub-tropical effect. The flowers, which are about a foot across when opened, are of a deep rose color, with a soft creamy white at bases of the petals; exquisitely fragrant. Flowering tubers or plants. Price, 50 cents each.

MEXICAN PRIMROSE.

A grand perpetual blooming plant for hanging baskets or pots. The plant is dwarf, free growing and is literally covered with bloom the entire year. It is unsurpassed as a window plant on account of its great beauty and hardiness. The early frosts do not injure it in the least. Color, a clear satiny pink. Price, 15 cents each.

APPLE BLOSSOM—New. The beautiful blush Mexican Primrose. Price, 10 cents each.

MYROSMA CANNÆFOLIA, or White Canna—The introducers paid $250 per one hundred last year for what proved to be this very fine, sweet-scented, white-flowering tuberous plant. We have propagated it in such quantities that we now offer it at popular prices. The flowers are so sweet that a single one will fill a greenhouse with its fragrance, and, moreover, they are heavy in texture, like the Eucharis, and will last for several weeks. An excellent companion for growing Cannas. Price, 25 cents each.

LUBBOCK, TEXAS, July 19th, 1895: KIND SIRS—The flowers came; were received about a week ago. They were in splendid condition, and I think every one will live. Many thanks for your kindness. You may expect other orders in the future. Very respectfully, MRS. L. K. A.
SWEET-SCENTED VIOLETS.

Of all the delightful perfumes, that of the Sweet Violet is the most delicate and pleasing, and places the modest little blue flowers among our greatest favorites. They bloom during the Spring outdoors, or can be flowered in pots in the Winter with very little heat. Perfectly hardy. During the Winter they should be kept at a low temperature.

DOUBLE PURPLE VIOLET, MARIE LOUISE—To contrast with the white, we offer this fine, double, deep bluish purple, sweet-scented variety, recently introduced. Desirable for pots or gardens. Plants hardy and bloom almost as freely as the white, especially in the Winter and Spring. Price, 10 cents each.

SWANLEY WHITE, or QUEEN OF FRAGRANCE—This beautiful New Double White Violet is unquestionably the finest double white variety in existence, and is a decided acquisition even to the smallest collection of plants. It is desirable for pot plant for Winter culture, for planting in cold frames, or for planting in the open ground. Unequaled for its great freedom of flowers and fragrance: flowers of the purest white. If desired for Winter flowering they should be planted out in the Spring and potted in September. Price, strong plants, 15 cents each.

HARDY DOUBLE ENGLISH VIOLET—This Violet is entirely hardy, perfectly double, a deep violet purple color and deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being darker, and far excels it in its delightful odor: this is one of its greatest merits. It is entirely free from disease and will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. (See cut.) Price, 16 cents each.

New Violet, THE CALIFORNIA—This grand new variety has been the leading Violet in the California market the past season, and has readily brought two or three times the price paid for other double flowered sorts. The plant is a sturdy grower with dense, heavy foliage, entirely

Verbenas, Mammoth Flowering.

The Verbena is one of the prettiest and the most popular of all the flowering plants suitable for forming beds on the lawn. It commences to flower and spread from the first day the plants are set until late in the Autumn, every becoming better and more handsome. A healthy plant will cover a space three feet in diameter. Our plants are grown with care and are very robust. The Mammoth variety have very large trusses, when well grown, measuring fully nine inches in circumference, the single florets being large enough to cover a twenty-five-cent piece. Price, 8 cents each.

SPECIAL OFFER—For $1.00 we will send 30 choice Mammoth Flowering Verbenas, or 15 for 50 cents. No Further Discount.
Anthericum Variegatum—Valuable plant for baskets, vases or window boxes. Long, slender foliage, bright green, beautifully striped and margined white. Price, 10 cents.

Amomum Meleagrua, Cardimon Plant—Fragrant leaves. Price, 10 cents.

Anthemis Coronaria—(Golden Double Marguerite.) Continuous bloomer; fine for winter flowering. Price, 10 cts.

Alyssia Citriodora, Lemon Verbena—Delightful fragrant foliage. Price, 10 cents each.

Alternanthera Pachycaulus Major—This, with Aurea Nana, forms the two great bedding plants, each brilliant and almost uniform in color, and unsurpassed by any other plants of like dwarf habit. When at its best, the color of this variety is a clear carmine, the delicate foliage making a dense but soft cushion. 20 for $1.00. No further discount.

Alternanthera, Aurea Nana—Bright golden yellow under the sun of Summer; dwarf and compact. Planted alone it is a heap of beauty, in contrast with other foliage it is superb. 20 for $1.00. No further discount.

Alysum Giant Flowering Double White—Very sweet. Ageratum—Two varieties; white and blue.

Bouvardias—Are among the most important plants cultivated for Winter and Summer use. Beauties of white, pink and red. We offer six fine sorts single and double flowering. Price, 10 cents each.

Coronil Glauca—Flowers yellow, pea-shaped and fragrant. Camellia Japonica—We have a good assortment of extra large plants in the following colors: Double White, Blush Rose, Blush Pink, Red, Bright Crimson and Salmon Rose. Price, 75 cents each.

Cestrum Parqui, or Night-Blooming Jasmine—In bloom almost the entire year round; orange, sweet-scented flowers. Price, 75 cents each.

Cestrum Laurifolium—Same as above, except the flowers are pure white.

Crape Myrtle—Fringed flowers. Three sorts; white, crimson and pink.

Olerodendron Fragrans—Dwarf plant, with compact heads of double pinkish white flowers, very sweetly scented. Price, 10 cents each.

Cyclamen Persicum—This is a well-known variety, of long standing, equally as beautiful as the giant strains; flowers smaller. Fine bulbs, 15 cents each.

No garden is now considered complete without its Strawberry bed, and no family but what should have a supply of the fruit that is most desired, the Strawberry. By planting the following varieties the season can be so lengthened as to practically have berries the entire Summer. Plants ready for planting.

MICHAEI'S EARLY.—Is decidedly the earliest good Strawberry in cultivation. The plant is a strong and vigorous grower, productive as the Crescent and ripens ten days earlier than any other Strawberry. Has a perfect blossom, berries large size, uniform in shape, a rich scarlet color, and a pleasant Strawberry flavor. They are as round as the Wilson and good size. The value of a good, large Strawberry, that will be fit for the table or market one week before any other, can be well appreciated. 100 per cent, yes; hundred $1.00. No Further Discount on these offers.

BUBACH No. 5.—Not only the hardest but also one of the most productive varieties in cultivation. It somewhat resembles the Sharpless in size and shape, but is much richer in color and a better hardy plant. It is large and stoky, healthy and vigorous; fruit very large. Always produces a large crop. By mail, doz. 25 cents; hundred $1.00. No Further Discount on these offers.

IMPROVED DWARF JUNE-BERRY.—The Dwarf Juneberry resembles the Swamp Huckleberry in appearance and quality. It is more easily raised, more prolific, and is of better quality. The fruit is borne in clusters; color a reddish purple changing to bluish black; rich sub-acid flavor; excellent for table use. The bush is exceedingly hardy, grows like the Currant. By mail, each 10 cts. For 60 cts. we will send 6 plants postpaid. No Further Discount.
MAYBERRY.
JAPANESE GOLDEN MAY-BERRY—A Raspberry which ripens its fruit before Strawberries—The earliest Raspberry ever known. The berries are of a golden straw color, as large as Cuthbert, and ripen a month before Hansell, before Strawberries, and before the earliest of the standard Raspberries of the past have hardy awakened from their Winter rest. The bushes are distinct from all others, growing like trees, with spreading tops, and all along the branches large, white, well-shaped blossoms are pendant, which are soon followed by the great, sweet, glossy, golden, semi-translucent berries. They were sold lately at $3.00 each. Nice young plants, 25 cents each.
SPECIAL OFFER—For $1.00 we will send six plants. No Further Discount.

RASPBERRY.
EARTHARD EVERBEARING—Hardy, strong, stocky grower. Fruit jet-black, large size, good quality, ripens soon after Souhegan. The new canes commence ripening their fruit soon after the main crop is gone, and continue to bloom and produce fruit till stopped by freezing in fall. Price, 10 cents each; $1.00 for twelve. No Further Discount.
JAPANESE WINEBERRY RASPBERRY—Berry round, deep red, glossy, handsome, of medium size, and fairly firm. Borne in large clusters, and each berry at first tightly enveloped by the large calyx, forming a sort of burr, which is covered with purplish red hairs. These gradually open and turn back, exposing the fruit. The canes are covered with purplish red hairs, which extend along the stem to its extremity; the leaves are large, green above and silver gray beneath. Price, 10 cents each; 15 fine plants for $1.00. No Further Discount.

BEST CURRANTS AND GOOSEBERRIES.
FAY'S PROLIFIC CURRANT—A superb sort, of recent introduction. It is large and fine flavored, brightest cherry red, and four times as productive as any other red Currant. The bushes are a perfect mass of long clusters of fruit. Price, 15 cents each.

NEW STRAWBERRY-RASPBERRY.
This remarkable fruit which, like so many novel and beautiful fruits, comes from Japan. It is said to be a hybrid between the Strawberry and Raspberry. Improbable as this may appear, the habit of the plant and its fruit gives strong evidence that this statement is correct. Its habit is that of neither of the fruits named, but a compromise of the two; it being a spreading, low-growing bush, producing its fruit in branching clusters of three or more at the ends of the stems. In form and appearance of fruit it is about as good a combination of a Strawberry and Red Raspberry as one could well imagine—in size about midway between the two and the form of neither, but half-way between each, being formed like a Raspberry, but in color a
AGAWAM—Large, dark red berry, sweet and productive.

BRIGHTON—Resembling the Catawba in appearance, with the richness of the Delaware.

CATAWBA—A late keeper, sweet, rich, musky and luscious.

NIAGARA—Greening white, turning to pale amber; sweet and good; large and compact clusters; vigorous and productive.

POCKLINGTON—A splendid white grape: vigorous and extremely hardy; large, compact bunches; berries large, greenish black; sweet and delicious.

SALEM—Excellent, productive, early grapes; never mildews; always sure to bear a crop; good quality; bright reddish brown.

WILDER—Finest quality of large black grapes: bunch and berries large; very productive.

WORDEN—Similar to the Concord; larger, compact bunches.

12 BEST GRAPES, STANDARD VARIETIES—Price, 15 cents each.

FIVE BEST HARDY NEW GRAPES.—Price, 20 cents each.

THE MOYER GRAPES—Hardy and productive, having four to six full bunches on one cane. Rapid grower and thrives in any soil or climate. Berries fair size, thin skin, amber color, sweet, melting and delicious. It never drops off the stem when ripe, but gradually changes its coloring.

EATON—Black grape. Large bunches, often weighing three pounds. The berries are nearly an inch in diameter. It is hardy in any situation and a great bearer. Ripens one to two weeks earlier than the Concord.

MOORE'S DIAMOND—Ripens last of August. Hardy, healthy; free from blight and mildew; berries large, tinged with yellow, and of the finest quality; few seeds; pulp melts in your mouth like snow; a great bearer.

MOORE'S EARLY—This is considered by many to be the best early black grape. Vine a good, bushy grower; berries large, juicy and luscious.

SPECIAL OFFER—For 75 cents we will send one each of the above five new grapes. No Further Discount.

12 IMPROVED DWARF ROCKY MOUNTAIN CHERRY.

This rare Cherry has been greatly improved by cultivation since its discovery. The fruit is as large as the Morello cherry and is far superior in richness, coloring and delicacy of flavor; for preserves or to eat out of hand. It has no equal in the line of pitted fruits. The plants are of bushy habit, growing from 2 to 4 feet high; when loaded with fruit the branches are bent to the ground. It is entirely hardy and most desirable as an ornamental plant for the garden or lawn. Price, 25 cents each, 3 for 60 cents.

NUTS.

AMERICAN SWEET CHESTNUT—The American Sweet Chestnut produces fruit very early. The trees do not die in winter like other Blackberries but continue to grow and bear fruit each year, like grape vines. It is entirely hardy, enormously productive and thrives in any soil and climate. Five bushels of ripe berries have been picked from one vine. The quality of the fruit is equal to that of any of the best Blackberries, and without any hard core. Price, 20 cents each.

"QUALITY FIRST... FRESH STOCK... "PRICES LOWEST"

OUR WARRANTY—That our seeds are as good as the best in the market, and we stand ready to replace any such seeds that do not prove satisfactory, through defect in the seed or in quality and purity. Culture printed on all packets.

POSTAGE PAID BY US—Please bear in mind that our prices include prepayment of postage on all Packets, Ounces, Fractionals of Ounces, Pounds, Pints or Quarts. Thus you only have to send us the catalogue price and we guarantee safe arrival of the Seeds.

OUR LIBERAL Discount

For $2.00 you may select $3.00 worth and for $5.00 you may select $7.50 worth. This is the biggest reduction ever offered to seed buyers, and in these hard times everybody should have a garden spot of their own, be it large or small. Home grown vegetables are always the better tasting and more wholesome. In addition to the above prices we endeavor to add to all orders some "Extras" of our own selection—often of rare new varieties. Nothing for which money is expended makes so large a return as seeds, if they be good. Nothing causes greater vexation than to lose money on poor seeds. If you wish to avoid disappointment, do not rely on seeds peddled over against their vegetation. The thoughtful cultivator will provide himself with a surplus quantity of the seeds he designs to plant, to hold a reserve for replanting, as dry weather, heating rains and insect depredation often destroy the first sowings.

IMPORTANT NOTICE—Seeds in bulk ounces, pints, pounds, or quarts are always net and not subject to any discount. Orders must be expressed at purchaser's expense, deducted at the rate of 8 cents per pound and 10 cents per pint. The prices quoted on peck, half bushel or bushel are always at the purchaser's expense.

LAWN GRASS SEED—Evergreen Velvet.

As a guide for the proper quantity to order we may state that one quart of Lawn Grass is sufficient to thoroughly sow an area 20 by 15 feet—300 square feet—3 to 5 bushels will be required for one acre. It should be borne in mind that in order to produce the best results, grass seed for lawns should be sown twice, as thickly as if sown for hay—one quarter of seed to about 1/4 square rods. At the price per bushel and per peck we deliver to Express Company here, or on board of cars. No charge for bags or boxes. One peck is the quart we pay pay postage.

VELVET LAWN MIXTURE—Is a compound of Grasses that ripen successively, thereby always presenting a cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun and remain in that condition until the cool months of autumn revive them. The mixture that we offer is one of the best on the market, and can be relied upon to produce the the very best results. Sow four bushels to the acre. Weight, per bushel, 14 lbs. Price per Qt. 25 cts., Peck $1.00, Bushel $3.00.
